Life Path

Ascendant In Gemini

PROFESSIONAL - LIFE-PATH: Developing the mind
You are a knowledge-hungry person, eager to travel and meet people in your career. During the course of your life you will develop your communication talents, therefore you need a job which makes demands on your persuasive abilities and sociable nature. It is important for you not to feel tied down, and you need to have the freedom to explore and investigate ideas. You would make an excellent teacher, as you love to impart information to others. As you have a particular interest in learning about the nature of the mind, you are best suited to a career with mental challenges which gives constant variety and change, as well as the possibility of developing your mind. You are especially good at building up a network of connections, and keeping contact with people.

PERSONAL - LIFE-PATH: Developing the mind
Your nature is infused with a youthful curiosity and a restless desire to be stimulated mentally and socially. Mental development is alpha and omega for you, and meetings, discussions, books and learning are the stuff of life. You are constantly active and spread yourself very thin, tending to have a superficial knowledge of a vast array of things, and a finger in many pies. Other people will challenge you to show greater depth and thoughtfulness in your attitude to things instead of just skating over the surface. Brothers and sisters may play an important role, both in your development as a child and later on in life. Your school years will have a profound effect on you, and set the trend for an interest in education later in life. Because you like to be on the move, transport is as essential to you as the air you breathe.

Ascendant Square Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.
As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - LIFE PATH: The counsellor
You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

PERSONAL - LIFE PATH: The counsellor
You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

Mercury In Aquarius

PROFESSIONAL - MENTALITY: Inspire renewal
You are a clear thinking person, very open to new and exciting ideas, though you can be rather fixed in your opinions. There may also be an inventive talent or some special and unique interest - perhaps connected with awareness and consciousness. You embrace strong views which run

contrary to the accepted norm - you feel it is your duty to shake up the ideas of others and create renewal around you. Whilst this can be refreshing for all concerned, you run the risk of being alienated or misunderstood. You work well in a group environment in which there is a lot of excitement and stimulating people. You are a force for renewal, and have the ability to integrate new technological developments into your work.

PERSONAL - MENTALITY: Inspire renewal
Mental stimulation is very important for you, and you thrive on contact with others and the exchange of exciting ideas. You pride yourself on your openness and tolerance, although when it comes down to it you can't tolerate intolerant people. You are probably strongly motivated by social issues and tend to have unshakeable convictions in this respect. You can actually be rather stubborn in your beliefs, though you will be loath to admit this. You can get a kick out of being provocative, and will often be so if you start getting bored. Other things being equal you will have a number of important friendships with people from very different environments, as you have a taste for exotic and foreign influences.

Mercury In 9th House

PROFESSIONAL - MENTALITY: Get knowledge
Your intelligence, curiosity, and desire for understanding are great professional assets. You are excellent at juggling ideas, and persuasive at putting them across. You could have success in the publishing branch. You know how to meet other people on their own mental level, and would do well in dealings with people from foreign countries because of this talent. You may find success in areas where it is important to get a message across to the public, perhaps in the media, or in marketing areas or teaching. Training courses and a good education are a prerequisite for professional success. To thrive professionally you should have access to information, and be able to draw on a large body of personal knowledge.

PERSONAL - MENTALITY: Get knowledge
You are driven by an insatiable curiosity and desire for understanding. You are a walking question mark, constantly seeking to find a deeper meaning in the smallest events that cross your path. Perhaps you were strongly influenced by siblings or a teacher early in life to do something with your intelligence; now you are the eternal student, seduced by knowledge and the power of education. You speak intelligently on many different subjects and generally have an opinion about everything. Discussions with you can be somewhat frustrating, because you have a tendency to change viewpoint constantly. In your view this is OK: you know in your heart that truth is a relative matter, only the search for enlightenment and knowledge is constant. Get your ideas down on paper.

Jupiter Transiting Conjunction Ascendant 8/23/2010 -> 10/26/2010

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - LIFE-PATH: Faith in your future
It is important at this stage of your life not to let yourself be limited by previous convictions concerning what is possible and what is not. You should allow yourself to become empowered by a new vision of how you want your future to unfold. The dreams you enunciate now will energise your future and fertilise the ground for it to happen. This means defining

your professional hopes and wishes to ensure that they give meaning in the long term.

PERSONAL - LIFE-PATH: Faith in your future

You are emerging from a more introverted and meditative state into a new outgoing period which should see your personal contacts getting a boost. Your confidence and charisma should have an opportunity to blossom now, and you will probably find that you gain a greater appreciation of your place in the scheme of things. A renewed faith in your capacity to shape your future leads to an expansion of your horizons, and an optimistic attitude predisposes you to experience a degree of luck - especially in relationships. For a while, everything seems possible.

Identity

Sun In Pisces

PROFESSIONAL - IDENTITY: Make your dreams tangible

You are a mixture of many personality traits, and it is difficult for both you and others to define who you are and what you represent. You may take life seriously, but you can be at a loss to find a true meaning in what you do. Professionally you can be skilled at many things, although you are rarely motivated by material ambitions. You are a sensitive person with a genuine love and concern for others. As an idealist and dreamer you refuse to accept the hard ways of the world and constantly choose to believe in the best in others. Times will come when you feel misunderstood, and disillusion can lead to major crises. It is up to you to avoid putting yourself in impossible situations, which inevitably lead to disappointment. You have a talent for creative work, and you would also function well in a helping role. However you can succeed at anything you put your mind to, on the condition that it inspires you.

PERSONAL - IDENTITY: Make your dreams tangible

Many of the turning points in your life are of a spiritual nature in that you learn to discern a meaning behind events which makes sense of the seemingly meaningless nature of things. These experiences constantly enhance your sensitivity and personal insight. In this process of personal development it is essential for you to resolutely avoid any feeling of martyrdom, even though you more than most are aware of, and witness to, the tragedies of human existence. Partnerships function best when you avoid the two extremes of having unrealistic expectations of the partner, and going around feeling the odds are stacked against you. By avoiding negative states of mind as far as possible, you can attract good fortune to yourself, and give spiritual sustenance to others.

Sun In 10th House

PROFESSIONAL - IDENTITY: Professional manifestation

You are capable of having a high professional profile - indeed society demands that you become deeply personally involved in your career. You are a natural leader in your field and it is an advantage for you to strive to become known. More than most you define yourself through what you do, and through how other people judge what you do. You are suited to a profession in which you either are self-employed or employ others. Should you find yourself working in a subordinate position, you may have differences of opinion with your employers. They will think you are arrogant, you will think you can do better than them! Successful leaders become role models for you.

PERSONAL - IDENTITY: Professional manifestation

You are extremely involved in issues of self-esteem and feel that your own self-worth must be measured by your achievements in society. This attitude stems from the influence of a parent - probably your father - who

imbued in you ideas of respect and duty to society. Attaining goals, then, is the strongest motivational factor in your life. The problems is that you tend to move the goalposts in a constant spiral of striving. Perhaps it would be wise to relax more and enjoy the fruits of your labours? Because you identify so strongly with your professional position - you are what you do - you may have difficulty being spontaneous and natural on an intimate or emotional level. You also have a deep need to be respected and appreciated by your partner. Being known or respected makes you take yourself too seriously.

Sun Opposition Moon

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

You will have to work hard to attain the beneficial results of this aspect. Partnership matters are central for your gaining an understanding of the principles involved and integrating them in your nature.

PROFESSIONAL - IDENTITY: Conscious/Unconscious

As these two planets represent the basic building blocks of character, your success will very much depend on the nature of the aspect between the Sun and Moon, and other planetary influences. The main issue is your ability to assert yourself without unconsciously distorting the reactions you receive from others. Harmonious contacts between the Sun and Moon indicate a talent for nurturing and strengthening others through the capacity to understand them, as well as giving a wealth of creative talents in many areas. Disharmonious aspects give a tendency to misinterpret or distort the reactions of people who have influence in the world. Emotional conflict with people in authority can undermine progress in business life, and this will be connected with some immaturity on your part. Often the problem will lie in environmental instability in which your domestic situation is at odds with professional visions. At the conjunction - or the New Moon - there will be a strong self-sufficiency and a strongly integrated character, but it may be difficult for you to get an objective picture of yourself. This would be a definite disadvantage if you have to deal with others on an emotional level.

As you mature you gain greater insight into the role the unconscious plays in human behaviour, and in some cases this can lead to work of a caring nature relating to the emotional make-up of others.

PERSONAL - IDENTITY: Conscious/Unconscious

As the Moon waxes and wanes, it goes through different phases showing its relationship to the Sun. Each phase has a specific effect on personal character. At the New Moon - or conjunction - there is a strong self-awareness, but some frustration as regards getting on in life. Past bonds have a strong hold on the personal nature and will often stand in the way of progress. In relationships the conjunction can make it difficult to gauge one's effect on the partner, and although there is a strong sensitivity, it is felt very subjectively. Often the bond to the parents is rather unique with this aspect, and the family life is characterised by an insular self-sufficiency. The father may exhibit a strong emotional or caring nature, and the mother may well have strong independent characteristics. The full moon - or opposition - on the other hand gives almost too much objectivity, and emotional interactions in relationships are quite dominant. There is a tendency to project behaviour and attitudes on the partner, which in reality belong to oneself. This may be due to an upbringing in which there was a strong contrast between the parents. If so, you will have identified strongly with one parent to the detriment of the other.

The half moon - or square aspect - also bring conflict between the identity and emotional needs. As you mature it becomes essential to control inappropriate emotional reactions which relate back to frustration regarding your interpretation of parental conflict.

When the Sun and Moon have a harmonious relationship to each other,

through the trine or sextile aspect, there is much greater ease in expressing feelings and ascertaining one's effect on others. Whatever the aspect, you will have a very strong emotional nature, and feel an enormous pull from the past. You will have well-developed instincts and a talents for delving in to the dark realms of the unconscious. Generally speaking with all aspects between the Sun and the Moon it pays to exert the influence of the will on your emotions, so that you gain greater consciousness of the deep-seated emotional programmes which still unconsciously affect your behaviour.

Sun Trine Saturn

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - IDENTITY: Winning self-esteem

You are a hard-working and ambitious person with a strong drive to prove yourself in society. There may however be difficulties with authorities, despite your desire to live up to the expectations of society. The first 30 years of your life will bring a great deal of obstacles to success, but you will learn important lessons and ultimately develop a self-sufficiency and discipline which lays the foundation for success later in life. It is important for you to overcome negativity or pessimism concerning the future. Not all success is won by hard work alone. You are often more motivated by the fear of failure than the promise of reward, and this can hold you back from realising your full potential. If all goes well you will acquire more and more responsibility during the course of your life - and you deserve it. You are conscientious and take your responsibilities seriously. You are the kind of person other people can rely on. You would rather be the power behind the throne, than have a high profile yourself. Remember to take time to enjoy the fruits of your efforts, instead of continuously driving yourself onwards.

PERSONAL - IDENTITY: Winning self-esteem

You are a rather formal person who takes life seriously. Childhood experiences - especially the relationship with your father - has undermined your self-confidence and made you reluctant to stick your neck out. You are more likely to bury your "talent" than gamble with it. You have a strong need for approval, but as a child love and approval was always conditional on your performance. You have been more appreciated for what you did, than for who you are. Later in life you tend to judge yourself harshly, and you have a bad conscience about enjoying life and relaxing. You tend to be too dismissive when offered love and affection, and rather severe when giving it. There may be authoritarian tendencies and a lack of flexibility as regards rules. Nevertheless, you are a person who can be trusted. You have high principles, and as you do not indulge expectations of the easy life, you work hard to build up a secure structure in life for those you hold dear.

IDENTITY - IDENTITY: Winning self-esteem

Your relationship to your father was probably strongly affected by hard discipline and high expectations. The bond may be strong, but characterised by your efforts to win his approval. If you got good grades at school, your father will have expected even better. Naturally as you grow up you integrate a severe sense of values which is a strong motivational factor for achievement. You become your own harshest judge. Actually you are born with the need to create a strong internal structure and set of rules for your life - you evoke behaviour in your parents so that this need is fulfilled. You expect to be disciplined. Furthermore you are unreceptive to praise, so that when people come with favourable comments on your work and deeds, you have the tendency to play down

your efforts in a dismissive manner. People learn that you do not want recognition, even if you think you do. The only kind of recognition and acceptance that really works for you is your own - yet as you judge yourself hard, this rarely comes. You are, then, your own master, so why not try giving yourself some rewards. Internal praise has a very healing effect on you, and this is a question of confronting the inner voice of guilt and enlisting its support to make you strong.

Sun Trine Uranus

This aspect is of medium strength and its influence will often be felt, though not acutely.

Please remember when reading this section, that the harmonious nature of this contact means that you can use the energies creatively, for the most part without negative effects.

PROFESSIONAL - IDENTITY: Consciousness change

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

PERSONAL - IDENTITY: Consciousness change

You are a true individual and other people may regard you as rather eccentric. You like to express yourself through actions which surprise others in some way, and you enjoy embracing ideas which are provocative. You do not like to feel tied down, and function best in a relationship which gives you a lot of personal freedom. Often your friends will seem more important than your family, and as a result partners can feel that they are unable to establish an intimate contact with you, though you are usually quite open and fair-minded. During certain periods of your life you will choose to change your direction radically. These personal revolutions are often accompanied by new interests of an untraditional nature - for example astrology, electronics and technical matters, or mental powers. You have an electric and rather unstable aura around you, and often your nerves are on edge. People feel uncertain around you as they feel that anything can happen, so you would be wise to put them at ease about your intentions.

IDENTITY - IDENTITY: Consciousness change

Your father was probably unusual in some way, and he will have brought a sense of unpredictability into your life - perhaps because he travelled a lot, perhaps because he was an outsider in some way, or simply because he acted irrationally so that you never quite knew what he would do next. You may have had a friendly - not fatherly - relationship to him, or you may have felt totally alienated. Whatever, there was an aura of tension or excitement in your relationship.

Later in life this evokes a need for you to develop unconventional habits and be different in some way. Moreover, you can adopt a rather distant attitude to your feelings. At its most extreme, there can be a lack of grounding with very little sense of contact with the physical body, and far too much mental activity. Success in your life depends on you coming down to earth with your visions. Factors in your upbringing can lead you to feel that you are an outsider. Actually you would prefer not to run with the crowd, so why worry about being different? This feeling can be utilised

positively by helping people who feel they are outsiders.

Sun Square Neptune

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart.

In your chart there is disharmony between these two planetary influences, and this will be reflected by many struggles both within your mind, and out in the world.

PROFESSIONAL - IDENTITY: Find meaning in spirituality

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

PERSONAL - IDENTITY: Find meaning in spirituality

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

IDENTITY - IDENTITY: Find meaning in spirituality

Your early connection with your father was special in some way. You may feel you had an intimate contact with him on a spiritual level, although later events will prove that you deluded yourself in this respect. But your father will have touched you in some ineffable way. He may have created a special atmosphere of dissatisfaction around him which evoked concern in you. In extreme cases there can be illness, alcoholism or some form of escapism. It is rare for the father to attain his dreams.

Actually you tend to misread people because of your longing for an ideal. Your father will embody this ideal and most probably fail to live up to it, and later you will put others in this role. When you stop having expectations of this kind, you will be able to avoid disappointment. Your dissatisfaction is a friend that guides you towards purifying and refining your life.

Sun Quincunx Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. The connection between these two planets means that you tend to overcompensate in the areas described by being too helpful. This means that you unconsciously encourage other people to take advantage of you.

PROFESSIONAL - IDENTITY: Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often

lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a reevaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

PERSONAL - IDENTITY: Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

IDENTITY - IDENTITY: Transformation of identity

It has not been possible for you to cement any truly deep bond to your father. Perhaps he disappeared when you were young, and a stepfather took his place, perhaps he was at home but unreachable or distant in some way. Because intimacy was impossible to attain, you feel an inner chasm of emptiness connected with your identity. You have felt that you were not recognised as an individual - hence your deep need to manifest yourself strongly later in life. Although some of the fault almost certainly lies with your father, you have a tendency to compound the problem by withdrawing yourself totally when you feel ignored or unappreciated. This was your way of protecting yourself psychologically as a child, but in the long run these tactics lead to a profound alienation.

The enormous efforts you make to gain self-acceptance ultimately lead to great personal power and psychological insight. Psychic or intuitive powers can enrich your life and give strength to others.

Sun Square N. Node, Sun Square S. Node

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: The illusion of being

There may be a number of advantages for you in assuming a high profile in connection with specific groups of people. You may be elected as a figurehead, and your personal character can filter down to those you are connected to and have a profound affect on their lives. How to deal with the ensuing recognition or fame may, however, be something of a dilemma for you. Victories can ring hollow, and honour may bring disillusion, although you have a role to play in other people's eyes.

PERSONAL - DESTINY: The illusion of being

Contacts with other people will play an important role in your search to get into touch with your inner identity. Father figures - through their presence or through their disappearance - will force you to ask a lot of questions

about the nature of your existence, and this will in time lead to new spiritual growth and vision. Influential people and - later in life - spiritual authorities, may be eclipsed through sudden inner realisations. Times of inner darkness alternate with the blinding light of Truth.

Jupiter Transiting Conjunction Sun

1/6/2010 -> 9/9/2010

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance. This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

This is a time to consider your attitude to other people's influence on your life. How helpful or blocked are you, and what adjustments can you make?

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy

time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

PERSONAL - IDENTITY: Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

Uranus Transiting Conjunction Sun

6/29/2010 -> 7/14/2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - IDENTITY: Radical change

This is a dramatic time of change which favours those who are willing to take a risk concerning the future, but upsets those who would prefer things to continue as they are. Now is the time to make some revolution in your life by grasping modern trends and setting out on untrodden paths. If economic safety and job security are your main priorities, you could be in trouble. Unpredictable things can happen now because change is on the agenda. If you take an objective view of what you are doing now, you will almost certainly see that if some kind of renewal doesn't take place, you will die of boredom. Do not avoid necessary change now - you should be prepared to make daring and radically new decisions - let yourself be swept along by the excitement of the times.

Opportunities now are connected with greater freedom and independence. You can drop work which restricts your movements and consider more flexible working hours. This is a favourable period for free-lance work, or temp work which gives you more time to do the things which really interest you. Working with new technology, computers, fax and modern communication is particularly favoured. If you have New Age interests, this is the time to really go for them. You may find yourself travelling more internationally, or getting involved with foreigners. Humanitarian issues can be important.

PERSONAL - IDENTITY: Radical change

This is an exciting and breathless period which brings dramatic new awareness and consciousness change. Above all it is a time to set yourself free and enjoy a world without boundaries and restrictions. Perhaps your loved ones will have difficulty appreciating how strong your need for change is, but this is not the time to compromise. This is your time, and you must avail yourself of the opportunity to change your attitude to your life.

You can meet some very exciting people at this time who come from exotic countries, or who have unconventional and inspiring interests. Involvement in groups is particularly favoured, especially as regards consciousness-raising activities. It is as if you are electrically charged and full of new energy, so grasp the opportunities that arise. You can accomplish far more than normal in this short period. It is also possible that you feel bored or tied down now, and this is because of the awakening need for change. Change can come suddenly and unpredictably, and when it arises, you should not miss your chance. This is an excellent period for sudden insight into your identity, and for renewed spiritual awareness.

Pluto Transiting Sextile Sun

2/3/2010 -> 12/31/2011

This is a mildly constructive period for you in the following area. You can expect to reap benefits, especially if you capitalise on your intellectual talents and social influence.

PROFESSIONAL - IDENTITY: Personal transformation

This is an intense period in which you are under considerable personal pressure. You will radically redefine your identity at this time, so if you identify strongly with your career, you can expect fundamental restructuring of your goals. This is the time to sort out basic issues, as you do not want to waste valuable time on work that does not interest you. If you are dissatisfied with your job, you will now feel that it has no future whatsoever. However you will also feel that there is no alternative but to continue. But there is. You have to take a jump in the dark without expecting any guarantees whatsoever. When you jump, you will land in one piece, but old structures must be destroyed and a new foundation cleared, before you can start anew.

Leadership issues will be paramount. If you have an executive position, you will want to totally change your role. Leaders around you may fall from power. After this exhaustive process is over, you will have discovered new depths to your being, and buried talents will have risen to the surface.

PERSONAL - IDENTITY: Personal transformation

This is the major time in your life in which you undergo a deep, transformative purging of your identity. The image of yourself you have cultivated in the past, and the ideas you have had about yourself, will now be cast off - you have simply outgrown your previous self. You may feel exhaustion, with a strong sense that old goals are dead. So now it is just a question of burying them and discovering what you really want to do, no matter what it costs. Crises will lead to self-examination. Layer after layer is peeled off, until you come to the core of your being. This can be a very trying psychological process. You may feel that you are in a dark tunnel, with no hope of light at the other end. Your trials may seem to go on for ever, but within a year you will have experienced a profound transformation and developed a profound insight into yourself.

Therapy or psychological interests are favoured at this time. You will discover your personal power. Women who have lived out their identity through their father or partner will cast off the chains of their projection. Powerful men are eliminated from the consciousness, as you assert your own identity.

Emotions

Moon In Virgo

PROFESSIONAL - EMOTIONS: Systematise daily life

You have a talent for analysis and for working hard and efficiently. Employment matters are of great concern to you, as are your personal relationships with the people you work with. Fluctuations and changes in this area will bring a number of difficult experiences, and contentment here comes with your ability to accept the value of both your own and other people's efforts. Being something of a perfectionist, you can exhaust yourself with trivialities. However you get a good deal of pleasure out of being helpful by sorting out other people's problems, and you do this in an unassuming way, without demanding recognition or appreciation. Of course this can mean that your helpfulness is misused, so that you end up

doing too much for others and not enough for yourself. Maturity comes when you develop discernment concerning when to help, and when not to.

PERSONAL - EMOTIONS: Systematise daily life

You have a talent for analysis and for working hard and efficiently. You are a busy and conscientious person, with a love of detail and an ability to organise your daily life. There may be a trace of self-criticism, perhaps due to the atmosphere in which you were brought up. This leads to a tendency to analyse yourself and others and as such you are constantly aware of the imperfections around you. You do not feel comfortable when there is disorder around you, so you tend to occupy yourself a lot of the time trying to create a comfortable and efficient environment. Generally however, partners benefit from your kind, concerned and helpful nature. Learning to relax and avoiding criticism would help you enjoy life more.

Moon In 4th House

PROFESSIONAL - EMOTIONS: Attachment to the home

Security is a major preoccupation for you, and you may wish to work in areas concerned with the home, land and property, or with areas connected with caring for others, or perhaps on environmental issues. You may have a talent for gardening. You function best when there is peace on the home front, but often find yourself distracted by family worries. Parental bonds, or a reluctance to get away from the family can limit your possibilities to advance professionally. However you are appreciated at work because of your concern for others, and ability to create a comfortable atmosphere. You may like to work from home, or have a job not far from your house.

PERSONAL - EMOTIONS: Attachment to the home

You were profoundly influenced by the emotional atmosphere as a child, and you were very sensitive to parental moods, especially your mother's. This has made you into a sensitive and rather vulnerable person, and you will be strongly motivated to create a caring and secure family environment later in your life. It would be wise to view the ups and downs of family life in a more objective way, rather than allowing your own mood to be constantly affected by changes. Your home is a haven for you, and you become very attached to it. When radical changes effect your home however, you will discover that you have a remarkable capacity to adjust. You need to spend a lot of time at home, and may find great pleasure in looking after your children, cooking, making home improvements etc.

Moon Opposition Sun

Please read page 4: "Sun Opposition Moon"

Moon Trine Mars

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and

are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods. Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises. As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

Moon Opposition Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. As these two planets are on opposite sides of your horoscope they indicate that you are split between two quite different drives. As a result you tend to imagine other people with the negative qualities described.

PROFESSIONAL - EMOTIONS: Horizons

You would thrive in a profession which offered you the opportunity to travel and explore different cultures. You could easily work or settle in a foreign country. Being restless in spirit, you get rather bored in a job which does not have an element of exploration - culturally, intellectually or geographically. You are essentially a very curious person, and the pursuit of knowledge is food for your soul. You can also be very caring, and your generous disposition can give you a talent for working with the public, especially as regards public opinion, marketing, or broadcasting values of some sort or another. Children would be especially benefited by your attention, and you have both the humour and educational drive to be a good teacher. You are not the kind of person to stay in any one job for a great length of time, unless it offers opportunities for growth and expansion.

PERSONAL - EMOTIONS: Horizons

Foreign environments may have played an important role in your upbringing, and generally speaking you will enjoy the cultural stimulation of travel and new horizons. You have very strong empathy, and your emotional life exerts a powerful influence on your environment. You feel things very strongly, especially as regards what is right and what is wrong. You react powerfully to perceived injustice, and instinctively flare up or get upset when you think something is unfair. Above all, you dislike restrictions on your personal freedom, and you can manifest a strong independence if you feel encroached upon. You may often overreact to quite normal expectations on the part of the partner, as regards

commitment and responsibility. Generally however, your optimistic and light-hearted nature brings a lot of joy and happiness to personal relationships, just as long as you are allowed to feel free, travel and pursue your intellectual interests.

EMOTIONS - EMOTIONS: Horizons

Your mother had a strong influence on your personal convictions about life for better or worse. Perhaps she was religious or moralising, with extremely dominating opinions about what was best for you and the world. On the other hand she may have had an extremely beneficial effect on you - widening your horizons, stimulating you intellectually, and providing you with a strong moral foundation. Your mother was probably not the type to let herself be restricted by relationships, and she will have inspired in you the desire to expand your horizons and see the world. Because of these childhood influences, freedom to pursue your dreams and visions is important for you. You have strong convictions about your personal rights, but these may not be realistic when you decide to commit yourself to a relationship. You often get into emotional arguments on matters of principle when you feel you are being treated unjustly, but perhaps you need to overcome a certain emotional irresponsibility. It is essential for you to re-examine and adjust your moral convictions.

Moon Sextile Saturn

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. The sextile aspect is favourable, and stimulates your capacity to learn from experience. You can expect the negative effects to be minimal.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

PERSONAL - EMOTIONS: Self-sufficiency

You are extremely sensitive emotionally, but present a very solid facade to the outer world, giving the impression that you are quite cool, even invulnerable. Behind your formal manners is a person who was never fully allowed to enjoy a carefree childhood. At an early age you took responsibility in the family, repressing your own spontaneity and lowering your expectations because of emotional hurt. In later relationships you have difficulty letting down your protective barriers, even though you have a deep desire for intimacy. If you do get hurt emotionally you rarely let on, and you close the shutters on your feelings so that your loved one has no chance to make amends. After the age of 30 you learn more successful strategies for intimacy. First of all it is essential for you to be emotionally self-sufficient - if you sell yourself for security, you will end up in a prison. From a position of inner strength you can then allow yourself to be more trusting and vulnerable - you have nothing to lose and everything to gain by opening up emotionally without making any demands.

EMOTIONS - EMOTIONS: Self-sufficiency

Your childhood was probably rather difficult. You may well have felt

rejected by your mother, perhaps because she worked too hard and had no time for you, perhaps because she had problems of her own, perhaps because she was blocked emotionally. Whatever the cause you have reacted to rejection by withdrawing behind a protective barrier so that you can't be hurt. Moreover you may also have a tendency to try to win love and acceptance by doing duties taking on family responsibilities. Emotional responsibilities founded on guilt are not wise, particularly if they carry on into middle age.

The situation is perhaps more complex than you imagine. You were born with a strong emotional hunger and need for security, and it is possible that your mother could not fulfil your demands. You may have interpreted her reactions as rejection, and in turn rejected her when she wanted to be warm. Whether this is true or not, you are very difficult to approach now when you are hurt, and you have the emotional resilience and determination to withdraw emotionally for quite long periods of time. However, as time goes by experience will teach you the importance of cultivating an open emotional attitude - it is much less painful in the long run. Ultimately you can be of great assistance to other people who have emotional problems, and you can be quite unselfish in giving time and assistance.

Moon Semisquare Uranus

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart.

You can expect this influence to be hidden and sporadic in its effect - which is negative, especially as concerned social issues, and issues of self-worth.

PROFESSIONAL - EMOTIONS: Unpredictability

You are something of a gypsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

PERSONAL - EMOTIONS: Unpredictability

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

EMOTIONS - EMOTIONS: Unpredictability

Extraordinary circumstances regarding your relationship to your family - particularly your mother - and your general upbringing, have evoked a very detached emotional attitude in you. In all probability your relationship to your mother was characterised by a sense of equality or of friendship, rather than traditional patterns of dependence. From one point of view you were never allowed to feel a natural dependence and you protected

yourself by developing detachment, but from another point of view you rejected your mother whenever she tried to assume the traditional maternal role. There may also have been an element of unpredictability about your mother's behaviour - a situation in which you never quite knew what she was going to do next.

Later in life you display this inherited tendency to detach yourself when encountering emotional challenges. You send the unconscious message that you are quite prepared to leave if there is going to be too much trouble, and that you can handle your own freedom. Of course you can, but this means that you end up in half-relationships in which you are neither living with, nor quite living without the partner. When you discover that your love of freedom and independence is partly a device to protect you from getting hurt emotionally, you learn to express feelings of commitment with greater warmth, and this in turn creates more security for the partner, who will reciprocate by showing greater commitment.

Moon Square Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity

You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

PERSONAL - EMOTIONS: Develop intuitive sensitivity

The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have difficulty distinguishing the boundaries between yourself and your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

EMOTIONS - EMOTIONS: Develop intuitive sensitivity

As a child you were profoundly influenced by the mood of your mother. You may feel the bond is close, you may idealise your mother, but there are strong indications that she sucked you in to her negative moods, enlisting your support and care. At worst she may have been something of a martyr, or in bad health, at best she was probably rather sad at times. This evoked guilt feelings in you, and an unconscious need to make things better.

Actually you are born to be concerned and helpful, so your mother could not really help evoking these feelings in you. The essential thing in your life is to realise how profoundly you were influenced by the emotional atmosphere of your childhood. By making conscious use of the creative

side of your imagination, you can learn to avoid the old traps and create a positive environment for yourself and those close to you.

Jupiter Transiting Conjunction Moon 8/16/2010 -> 10/19/2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Jupiter Transiting Conjunction MC 1/1/2010 -> 8/2/2010

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - GOALS: Room at the top

You are now entering a phase in which you need to capitalise on your intellectual talents and your connections with influential people, and go for

your professional goals. The time to learn is over, so now you have to take a risk and demand something of yourself or your superiors. It is better to aim high than low. You should be able to integrate your knowledge or counselling abilities into your career. If you are not satisfied with the direction your career is taking, change it.

PERSONAL - GOALS: Room at the top

You can expect an expansion of personal responsibilities at this time, so you have to get organised both professionally and personally to cope well. You should be blessed by a positive attitude and faith in the future, and this in turn should lead to a sense of satisfaction and success. Understanding parental responsibility can be an important factor in your development now.

Saturn Transiting Semisquare Moon

11/17/2011 -> 12/31/2011

You may not be particularly aware of this influence. If you are, expect to be troubled by influences which seem beyond your control - perhaps in connection with your personal economy or social life.

PROFESSIONAL - VALUES: Emotional self-sufficiency

Issues of economic and job security become very pressing at this time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular. The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

PERSONAL - EMOTIONS: Emotional self-sufficiency

During this challenging emotional period you will become more mature and self-sufficient. But this is not normally a happy time - partly because safety and security is no longer what it was. You have to spend time building more secure foundations for your life, and you cannot expect anyone else to be very supportive during this time. It is up to you to shoulder responsibilities uncomplainingly and with dignity. Time can drag on now because you have to spend more time attending to everyday details and getting things to function on a practical level. On an inner level you are confronted with the need to change or control unconscious emotions and habits. It is no use allowing your temperament, your jealousy, your distance or your stubbornness to get in the way of a rewarding relationship. The time demands emotional self-improvement, so stop making excuses and start working on yourself.

Uranus Transiting Sextile Moon

7/4/2010 -> 9/22/2010

This is a mildly constructive period for you in the following area. You can expect to reap benefits, especially if you capitalise on your intellectual talents and social influence.

PROFESSIONAL - EMOTIONS: Change of environment

This is an exciting and perhaps disturbing period because of radical and unexpected changes in your environment. You cannot expect to feel very secure now - the period requires flexibility as regards working habits and place of work. There may be more travel than usual, and there is a chance of greater international commitment, perhaps involving contact with people from exotic cultures. A growing awareness of social issues may inspire you to work with people who are displaced in society in some way, either as social outsiders or refugees.

As this is a time of considerable emotional awakening and awareness, you can acquire a greater knowledge and consciousness of unconscious processes. If you can integrate this awareness into your work, you may find yourself applying newly-discovered talents for dealing with people - particularly as far as consciousness-raising activities are concerned. There is a strong likelihood of career involvement with groups and with collective ventures now.

PERSONAL - EMOTIONS: Change of environment

This is a time of emotional restlessness and unpredictable change, which will strongly affect the environment you live in. Events can arise which shake you up emotionally and force you to gain greater insight into the unconscious mind and habitual emotional reactions. Greater awareness and objectivity is required when dealing with your feelings now. In reality there is a growing need for change, and this is going to affect family life. There is a strong urge to live a gipsy-like existence - and indeed you may find yourself moving around or in temporary accommodation for a while. If you are thinking of moving, this is the time when it will happen. It is fine to be somewhat impulsive now, just as long as you get free of environments which no longer mean much to you. It is however not an especially good time for settling down. It is better to be on the move, to travel and to discover new places, countries and people, without allowing yourself to be tied down for too long. You may strike up an important attachment to an untraditional group now, and you will be attracted to people who live on the fringe of society.

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - GOALS: Refinement of goals

This is a major time of change and readjustment in your career. It is important to re-evaluate your goals in life. Are they worth it in the long-term? When you are ready to leave this world, will you feel that you have fulfilled your mission in life? If not, what can you do now to make your work more meaningful? You will probably be feeling a deep discontent with your career now, and this is an important signal telling you to stop and feel within what it truly is that you want to do. At first you must know what you don't want to do. Let your discontent guide you towards making changes.

Perhaps you need a period of less work or even unemployment. Spare time now is essential so that you can pursue your dreams, your social ideals, and your creative impulses. If you are the incarnated professional, you will probably still want to work hard. In this case you may want to learn more about marketing and advertising and its potential for influencing trends. This is also a favourable time for dealing with oil and chemicals. Untraditional methods work best in your professional dealings. Even with a lot of patience you have to be prepared for plans to fail and goals to dissolve.

PERSONAL - GOALS: Refinement of goals

This influence will be felt most strongly in connection with career changes based on a need to work at a more meaningful job. Naturally the uncertainty of this period will affect your home environment. The need to produce a lasting testament in life can mean greater concentration on the role of motherhood or fatherhood for example. You will feel less inclined to give the demands of ambition priority over emotional concerns. This is certainly a time when parental expectations will run out into the sand, as you tune in to what it is you really want to do. You distance yourself from parents now, and they will have less control over your plans.

Mercury Semisquare Jupiter

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

The influence of this planetary connection is subtle and unconscious. You can however expect quite acute periodic crises when the negative effects of the aspect manifest themselves.

PROFESSIONAL - MENTALITY: Disseminating information

One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

PERSONAL - MENTALITY: Disseminating information

Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

THE MIND - MENTALITY: Disseminating information

Brothers or sisters may have played a powerful role in your mental development as a child. Perhaps you felt unintelligent in contrast to a sibling - or there may still linger in you a sense of injustice as regards how much attention a brother or sister received in contrast to yourself. Contact with teachers and other children at school will also have been very formative, inspiring you to do your utmost to compete mentally. Whatever the circumstances you do not like being ignored. There is a deep need to make your opinions heard, so you have a tendency now to be rather voluble. If you are not careful, your forceful opinions can have the opposite effect to what you desire. You need to be heard and understood, and you need to communicate your own perceptions about fairness and justice. However, unless you cultivate a sensitivity to mental response, you will never get the message across. Ask yourself: are you getting the results you want from your communication? Perhaps what you consider important, is not so important to others. Choose your audience carefully, and ensure that you get feedback.

Mercury Quincunx Saturn

This aspect is extremely powerful in your horoscope, and will be a major feature of your character.

The beneficial results of this aspect seldom come before the age of 35. Prior to this you tend to either be over-helpful, or over-secretive, as

regards the matters concerned.

PROFESSIONAL - MENTALITY: Mental discipline

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

PERSONAL - MENTALITY: Mental discipline

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

THE MIND - MENTALITY: Mental discipline

You have probably experienced a number of episodes which undermined your mental confidence as a child. This can be connected with siblings who you felt performed better at school than you did, or experiences at school connected with teachers or pupils in which you felt mentally exposed or ridiculed in some way. Whatever the cause the fear of not being able to grasp facts can be a mental block which acts as a barrier in communication. Trying too hard to understand can prevent you from learning.

Some people with this aspect panic when mental demands are made on them, others develop amazing mental self-discipline and determination to make progress with their education. Sometimes further education is interrupted because of a lack of faith in the outcome, and if this is the case, you may find yourself taking up education again well into your thirties. There is however a danger of gathering information and learning facts and figures for their own sake. Too much concentration on details hinders you from seeing the wood for the trees. A point comes when it is important to abandon theory and put learning into practice. When you overcome your lack of mental confidence you can become a model of clarity and mental efficiency.

Mercury Sextile Neptune

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - MENTALITY: Clarify your thoughts

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

PERSONAL - MENTALITY: Clarify your thoughts

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

THE MIND - MENTALITY: Clarify your thoughts

It is quite likely that you experienced many troubles in the early part of your life connect with truth and lies. Your home environment was probably deeply affected by the tendency to fudge issues and avoid discussion. You have a fantastic imagination, and whilst this is truly a fine talent, you do tend to embroider the truth and this may not have been appreciated by your family. What is more, you learned as a child that it did not pay to speak directly - for one reason or another - and you may have preferred the inner world of your imagination to the outer world of reality. You are an excellent liar when pushed into a corner - and this is partly because you simply wish to avoid unpleasantness.

It is essential for you to rise above the dangers of dishonesty by embracing strict standards. Should you fail to do this, you will be sucked into a spiral of fabrications which directly threaten your sense of reality. By striving for mental purity you can use your extraordinary talents. These can range from poetic imagination to clairvoyant abilities.

Mercury Trine Pluto

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - MENTALITY: From secrecy to openness

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you

express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

PERSONAL - MENTALITY: From secrecy to openness

You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

THE MIND - MENTALITY: From secrecy to openness

As a child you were deeply affected by secretive behaviour on the part of parents or siblings. You had a strong intuition that important facts were kept secret from you - you may indeed have been lied to in connected with some profound truth. Later in life you may well have discovered the details of what has been kept from you - this can for example have something to do with secret connections your parents had - for example half-brothers or sisters you never knew about. There is a strong possibility that a family member was extremely non-communicative or silent in a rather disturbing manner. Perhaps you too felt that it was difficult to make your voice heard. Whatever the actual circumstances, the result of this is a gnawing doubt concerning the truth of what you hear, so that you are often driven to deeply question the motives or actions of others. Sometimes your tendency to cross-examine will drive a partner behind a protective wall of silence for long periods of time; sometimes you too will clam up as a way of applying pressure in a relationship.

As you overcome these difficulties you learn to relax more in communication matters. By giving people the time and space to respond to your questions without anxiety, and by allowing people to have their secrets if they so wish, you can attain peace of mind. Ultimately your life will be enriched by the discovery of quite unique mental abilities on a deep psychological level.

Jupiter Transiting Conjunction Mercury 8/3/2010 -> 9/8/2010

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for

wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

This is a very beneficial influence, though you may not be consciously aware of the process. Creativity and travel are favoured as you expand your capacities and sphere of influence.

PROFESSIONAL - MENTALITY: Mental self-discipline

You are challenged now to get organised and to administrate your time sensibly. There is a particularly emphasis on improving and consolidating your talents. Long-term plans for training courses or intellectual improvement can be put into effect. Writing or communication blockages must be overcome. You can develop the necessary mental discipline now to attain your goals. Expect communication problems, and expect plans or travel arrangements to be delayed. There needs to be far more attention to detail. Attend to the small print when signing contracts.

Learning to economise with your words and messages is an essential lesson for this period. How can you express yourself most effectively in the shortest possible time? If you develop the self-discipline to organise your daily life so that you can attend to mental challenges, you can expect very satisfactory long-term results. There is a strong emphasis on business matters at this time - but many minor irritations. Take one problem at a time, be patient, and solve challenges with long-term strategies.

PERSONAL - MENTALITY: Mental self-discipline

This is a period in which you have more than the average amount of worries. There are many practical issues to be solved, and there is no other alternative than to get down to each issue and concentrate on one thing at a time. It is important to organise your time more efficiently. Problems particularly arise in the area of communication. This is the time to address these issues and find practical solutions.

If you feel unsure of your intellectual abilities or that you lack the necessary training to do what you want, then you should make a commitment to improve now. You need to spend more time talking and listening to your partner - there are issues which need to be solved. Problems can also arise in connection with sibling relationships or neighbours, and if you are patient and diligent you can find long-term

solutions. Discipline your daily life and realise creative dreams.

Uranus Transiting Conjunction Mercury**6/30/2010 -> 7/15/2010**

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - MENTALITY: New communication boundaries

This is a period of great mental inspiration and excitement. To attain professional success now it is essential to think in new channels, and not allow yourself to be limited by conventional ideas or "the voice of experience". It is the new and untraditional that brings success, so experiment, invent and surprise people. If you are involved in a long and boring period of education or training, then you are in trouble. Mental restlessness at this time will incline you to abandon traditional teaching and seek new ideas which will stimulate your imagination. You will learn best in experiential groups or by yourself.

This is an excellent time for improving New Age interests - particularly astrology. It is a time to travel and meet different kinds of people, and a good period to learn or use another language. You should modernise communication systems now, improve computer capacity and generally hook into networks which unite people. As far as contacts and agreements are concerned, this period is rather unpredictable. Being tied down or committed to time schedules does not suit your needs at this time.

PERSONAL - MENTALITY: New communication boundaries

During this inspiring period, you should grasp opportunities to drop activities which bore you, and start learning new things which keep you up to date with modern trends. Many inventive ideas pop up into your mind now, and you have to find people to share them with. You will be impatient with people with entrenched ideas and opinions, and you may feel the urge to provoke others into thinking in new ways. This impatience can bring tension and misunderstanding in relationships, in which case you should associate with people with whom you can communicate and share your visions.

Time moves fast in this period, and you too may be on the move, travelling and meeting people. Avail yourself of new transport opportunities, buy yourself a car, or hop on a plane. Develop language talents, and immerse yourself in new technological developments, particularly as regards communication. Enrol on consciousness-raising courses, or get involved in grass-roots movements. There are very few times in your life when you will be so mentally open to radically new ideas,

Values**Venus In Aries**

PROFESSIONAL - VALUES: Independence

Personal freedom and honour are far more important values for you than material acquisitions or high social status. You enjoy taking risks, and are stimulated by the excitement of meeting new people. You do not allow yourself to be influenced by others in your judgement of people. Women with this position will be very independently-minded, very rarely allowing themselves to be put in a position where they can be pushed around by men. As a woman, you may scorn traditional concepts of femininity, and will actually enjoy fighting your way up in a competitive career, and as a

man you will be attracted to a competitive woman.

PERSONAL - VALUES: Independence

Men with this position will be attracted to the independent female, enjoying the mutual freedom such a relationship gives; women like to see competition for their favours, and abhor dependence in a relationship. With this planetary position you will value honesty and directness - yet there is a romantic innocence which borders on naiveté. You are not the type to play your cards close to your chest, preferring a direct confrontation when sorting out misunderstandings. Both men and women have a tendency to form hasty attachments and regret at leisure. Both sexes appreciate a challenge and an element of excitement in a relationship. Dynamism and action are important ingredients in the balanced relationship.

Venus In 11th House

PROFESSIONAL - VALUES: Social warmth

You are an extremely sociable person with a great, though rather impersonal interest in other people, especially if they come from an unusual environment or have original interests. Your social talent gives you certain professional advantages, as you become an appreciated member of the social group to which you belong. You can find great pleasure in the social arrangements that go along with your work - indeed this may be where you do your best work. Generally speaking you are inspired by strong humanitarian values, and you would be happy to work in a position where you can give people social support in some way, or perhaps work in a consciousness-enhancing field. You have a talent for working in groups - especially when there is a majority of women.

PERSONAL - VALUES: Social warmth

You have a kindly and tolerant attitude to most people, and this results in you building up a large circle of friends and acquaintances. Warm friendly relations have a high priority for you, and you have a natural charm which ensures that friendships are mutually rewarding. In more intimate relationships, your social life will still be very important for you. You are not comfortable channelling all your love and affection on just one person, so it is necessary for you to maintain your social connections if you want to feel fully satisfied. You have a talent for spreading your love on a wider basis, and though this means that you can be rather romantically cool in a one-to-one relationship, you can be valued by others on a collective level. You need the feedback and appreciation of your friends to feel good about yourself. You are blessed with affectionate and supportive comrades.

Venus Conjunction Jupiter

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

This connection between two planets shows a fusion of two principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question

altogether. Your warm personality and optimistic view of the future are your greatest assets.

PERSONAL - VALUES: Fortune

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with love, and have difficulty settling into stable relationships because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

LOVE - VALUES: Fortune

The issue of love or romance plays a dominant role in your life. Early intimacy with a sister, or a strong awareness of your parent's love relationship may be the foundation on which you build romantic expectations. Perhaps your mother was the romantic type, widely travelled or with pronounced cultural or artistic interests. If so, she may have expressed exaggerated views connected with love and relationships, inspiring in you a longing to indulge a cornucopia of romantic desires. Whatever these early influences were, you may find later relationship experiences not quite living up to your inflated expectations. It is important to be realistic, as romance and glamour last only a short time. Intellectual growth and mutual stimulation through shared interests or travel can however bring lasting pleasures. You can bring tremendous warmth and passion to a relationship, and you are probably a very giving person - but it would be wise to remember that your partner probably does not have this same capacity to express love. Spiritual or religious values may play an important role later in your life.

Venus Square Saturn

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Formality

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

PERSONAL - VALUES: Formality

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of

self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

LOVE - VALUES: Formality

Early in your life you experienced love as conditional on your behaviour. Love was measured out to you on a basis of whether you deserved it or not - thus you now often feel undeserving. Perhaps you felt that there was little love between your parents, perhaps you had an older sister who made life difficult, and very probably around the age of 15 you may have had an unhappy love affair which ended painfully. As a result you became very cautious about expressing your feelings. You may choose a relationship with someone you can be sure of, but do not love, to avoid being hurt again. Or you may miss romantic opportunities because you wait too long not daring to show your feelings. When you do fall in love you become initially very open and vulnerable and extremely hungry for demonstrations of affection. Immature romantic demands can lead to rejection because no individual can satisfy your deep hunger for love. However if you feel rejected you react by becoming cold and remote, thus creating even more distance between you and your loved one. Men with this pattern have difficulty showing their feelings, though they may be quite effective at making formal romantic gestures. This emotional restraint evokes the feeling in the female partner that she is not loved, and as time goes by she will feel unattractive and wilt like a plant without water. Women with this aspect have difficulty believing that they are attractive, no matter how good-looking they may be. Fear of rejection prevents them from giving a spontaneous display of emotion. These relationship difficulties can be solved by patient work over a period of time. By lowering expectations, by giving instead of demanding, by resolutely refusing to blame the partner for personal unhappiness, by commitment and loyalty, you can develop a relationship which ultimately becomes warm and fruitful, especially in the latter part of life.

Venus Quincunx Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences.

It is difficult for you to integrate the energies of these two planets, as they relate to different sense systems in your body. You should make some progress with this after the age of 30.

PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

PERSONAL - VALUES: Untraditional relationships

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

LOVE - VALUES: Untraditional relationships

You have a rather original attitude to relationships which probably comes from early experiences of the relationship between your parents, or perhaps an unusual connection with a sister, or an unconventional bond to another female. The upbringing may be characterised by mixed messages as regards your own sexual identity - daughters perhaps encouraged to develop a masculine style and sons a feminine. Your parents' love-life may have been characterised by sudden separations; at least something in your upbringing has evoked a tendency in you to be very detached and rather cool in the expression of love. You instinctively anticipate a sudden break of emotional bonds, and learn at an early age to go your own way. Later in life this inability to commit yourself fully to an emotional bond creates distance in your love-life. You send the unconscious message that you can do without the partner, and this in itself can lead to the sudden separation you inwardly are trying to avoid. If a potential partner does not experience commitment from you, he or she will go elsewhere. Your romantic signals also attract people who have no intention of committing themselves and imagine they can have an "enlightened" (non-committed) relationship to you. By cultivating exciting social bonds to interesting people, you can satisfy the need for stimulation which one relationship cannot provide by itself. It is not your fate to be bound by traditional concepts of marriage - you can show by personal example the many alternatives that exist to conventional relationships.

Venus Trine Neptune

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Please bear in mind that the contact between these planets is harmonious, which means that you will rarely be troubled by their negative influences. They represent a resource you can draw from.

PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

PERSONAL - VALUES: Acceptance

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment,

either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone you idealise or want to save - and it is important that the chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious impressions from your distant past, and these feelings actually have a spiritual purpose now.

LOVE - VALUES: Acceptance

You have the capacity to develop a deep spirituality and compassion of an almost religious nature. Worldly relationships will never fulfil all your needs, though spiritual or creative practice might. You tend to start love relationships with tremendous dreams and ideals, yet after a few months you will often feel let down by the partner. Actually the partner - not wishing to disappoint you - tries to live up to your ideals in the first stage of the relationship, but reverts in time to his or her true nature. Men with this influence will often give the female partner the impression that she is imperfect in some way and this can lead to her losing self-confidence and ultimately become very unhappy. Both sexes tend to imagine that the ideal relationship is just around the corner, or idealise an old relationship which never became actualised....all the better to dream about.

If you examine your past carefully you will find that this pattern of unrealistic expectations arises from childhood experiences. One of the parents - most probably the mother (and possibly a sister) - will have expressed a deep dissatisfaction and longing for another kind of relationship than the one she had. This may well have been expressed non-verbally. The unconscious message to you was that the ideal relationship exists but is unattainable. Thus you are on the alert for flaws in your chosen partner - and miraculously they arise. This is a complex projection based on an unconscious disappointment programme. As awareness dawns about this, you learn to resolutely avoid false expectations, and see both your own weaknesses and those of others in a compassionate light.

Venus Opposition Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely.

This aspect shows a strong polarisation in your chart, and difficulty in integrating the principles described. There may be travel and separation in connection with the principles described below.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a

tendency to invest a lot of energy into winning love and attention and this is actually a throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

LOVE - VALUES: Transformation of values

At a very early age, love for you was equated with survival. Your relationship with both your mother, and possibly with a sister, was deeply complicated in this respect. A very real anxiety about losing love - and therefore parental life-support - has led you to develop an oversweet nature calculated to win affection. You invest your charm 200% in achieving this goal, and are normally successful. Problems arise later on in your life because in the long run this investment of emotional energy is exhausting for all parties. It is very difficult for you to be consciously aware of what you do. Anxiety about losing love leads to intense love relationships, where jealousy plays an unspoken role - partly because you feel you have to be so intimate with everyone. In some cases you may subordinate yourself to your loved one and be misused, yet, paradoxically, it may be you who wields the power later on. It is a great relief for you later in life, when you realise that relationships function better when you relax. People like you more when you don't try so hard to please. You have so much love to give, why worry about how much love you get? And if some people don't like you, so what? - you know about the power of love.

Venus Trine N. Node, Venus Sextile S. Node

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Truth in beauty

Your sense of values and taste, and even your personal appearance, can awaken strong feelings of attraction in the people who know you. Your aesthetic values may play an important role in whatever associations or groups you belong to, and you may even set the style of the times through your personal judgement. Often seduced by the beauties of the world, and the temptations of material things, you have a special challenge in life as regards understanding the power of love and attraction - and their pitfalls.

PERSONAL - DESTINY: Truth in beauty

Magnetic attractions to specific people in your life can be extremely formative as regards your spiritual growth. The world of the senses, and the pleasures and pains of love will be a constant challenge and source of fascination for you. You may react by indulging in every pleasure which is offered to you, or you may reject the allure of sensory paradise, preferring purity and frugality. Your choice, and your values, may have a significance beyond the personal, profoundly affecting the spirit of your time.

Jupiter Transiting Conjunction Venus

5/2/2010 -> 3/26/2011

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

This rather minor influence will demand some adjustments - either as regards working relationships, or in more intimate areas of your life. It is difficult for you to attack the following problems head-on.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in

dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old clichés and protestations of love will not suffice any more. A recommitment may be necessary and more time should be spent together.

Love and romance do not come easily now - and indeed it is better to be alone developing inner self-worth and reliance, rather than seeking confirmation from love affairs. Assurance of love from others will definitely not be forthcoming now, so it is not worth wasting time on lukewarm relationships - you would be better off by yourself. It is a time for giving, but not for receiving. Contentment comes from an appreciation of quality, not quantity, and from what you have got, rather than what you have not got. This also applies to material things - it is better to do without, rather than long for things which in the last analysis will not truly satisfy you.

Uranus Transiting Conjunction Venus**5/27/2010 -> 12/31/2011**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - VALUES: New social environment

Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated.

You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

PERSONAL - VALUES: New social environment

Radical changes can arise in your personal relationships at this time. If you are free and unattached you will almost certainly get involved with some untraditional romance. Because there is a strong need for a

relationship which gives mutual freedom, and because you long for the unpredictable and exciting in love, you could meet someone from a radically different country, age group or culture, or someone who is an outsider in society. You may choose to live alone and have a weekend partner. It is unlikely that you can cement love affairs started at this time, but the most important consequence is the awakening of your emotions and the stimulation of your erotic awareness.

If you are in a stable partnership, sparks can fly as you try to assert a new-found need for autonomy and independence. If you are feeling bored with you partner and in need of a change, try to avoid being over-impulsive and strive to understand your partner's anxiety. You cannot compromise on your need for a renewal in your relationship and more social involvement, but if you value your relationship you should do more to reassure your partner. If your partner does not want to share your new interests, find a group of people with whom you can be inspired. This is an excellent time for involvement in consciousness-raising groups. It is also a good time for the awakening of the creative and aesthetic impulse. Love affairs at this time lead to a dramatic awakening of the feelings but rarely become settled. There is a tendency to have short intense meetings - often in airports - and then to return to the calm of private domestic life. Separations threaten weak partnerships at this time.

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Redefine personal values

This is a more challenging period professionally for women, than for men. This can strongly affect personal self-worth and esteem, even giving a certain unpopularity. You can no longer rely on personal charm to achieve results. There is considerable pressure on social relationships, and you may find that allies you have counted on disappear, because of basically different views on life. Redefining your self-esteem is dependant on getting rid of false values. It is essential at this time to cut back on material things - especially luxury items. The more you cut back, the better prepared you will be for the future. Do not throw good money after bad, even if this means selling something that is costing you too much. It is better to take a loss.

You will be tempted to loan money at this time partly because of financial difficulties, but also because of changes in taste and personal values. Make sure you do not loan to acquire luxury or prestige items. Make double sure that your investment is good. If possible get by through economising. This is a good time for psychological dealings with people, and for the transformation of waste products into something of value. Where there's muck, there's brass.

PERSONAL - VALUES: Redefine personal values

This period brings a major reorientation of personal taste and values. This will affect your likes and dislikes in all matters - particularly relationships. This is the testing phase for any relationship that you doubt. Weak relationships based on inequality, power misuse, submission or false kindness cannot, and should not, survive this influence. A strong relationship will benefit from a new psychological insight which develops from a new intensity and self-examination. But even strong relationships can undergo a crisis at this time. This is one of the best periods of your life for getting into contact with your erotic needs. You may well feel a desire to explore forbidden areas of sexuality to deepen your enjoyment of sex,

and it is a good time for overcoming prudishness and letting go of inhibitions.

Relationships started at this time will be passionate and incredibly demanding emotionally. Some may last, bringing about a transformation in the capacity to express love and sexuality. In others the new lover is forced to give expression to every ounce of love and emotion, and may be squeezed quite dry. There is an obsessive element to love affairs at this time, and the sexual element plays a major role. There is a danger of losing one's heart to a person who does not truly care, and this can lead to a humiliating experience, and a draining sense of personal worthlessness. A relationship built on these premises cannot survive, and the sooner it is over the better. When you emerge from this period, you will have a much deeper awareness of your relationship needs. The names of those you could not trust will soon disappear from your address book.

Drives

Mars In Capricorn

PROFESSIONAL - DRIVES: Rise to the challenge

You are a disciplined and hard-working person, slow to start things up, but strong on the finish. Strategy is all-important to you, and you are unlikely to embark on any project without having thought it through to the end. You are extremely goal-oriented, but you hate failure, so you like to be sure when you choose a course of action. Of course this careful attitude can prevent you from starting anything - motivation is the key to success. There is also a tendency to do things the hard way, imagining every kind of obstacle that can arise on your path. Developing faith in your abilities and a positive attitude to the potential outcome of your hard work is essential. Your reputation and status are powerful motivational factors for you - you need to feel respected for your efforts although you are not particularly comfortable with a high personal profile. Other people can take the glory for your achievements as long as you are rewarded by a better position and material success. People will automatically respect you for your responsible nature, and you would do well in a position of administrative authority.

PERSONAL - DRIVES: Rise to the challenge

You are a serious and determined person with considerable staying power. Being hard-working and responsible, you tend to put professional priorities above personal ones. Men with this aspect are especially ambitious and come home to the family late and tired. They are powerfully motivated as bread-winners. There is a certain sexual restraint which can lead to long-term frustrations in intimate relationships. Women with this aspect are attracted to ambitious men who can offer status and security - men in uniform can exert quite an attraction. There may be a tendency to settle down with an older man. Later however, it will be important for the woman to carve out her own professional niche in society. Both sexes are prepared to work hard and make sacrifices for the family, but for lasting harmony it can be important to overcome sensual inhibitions and moral up tightness.

Mars In 8th House

PROFESSIONAL - DRIVE: Power dealings

You are a person who knows power. You are often at the receiving end of demonstrations of might, but you are fearless in your response - at least outwardly. This suits you for a job in which you are exposed to danger, or have to deal with the aggressions of others. You have no difficulty identifying an enemy when you see one, and you are ruthless when dealing with him. There is also something of a detective in you, as you like to operate undercover. You may choose to use your talents on an outer level, through a career which demands determination, perseverance and

secrecy, or on an inner level in which you deal with psychological problems. You are particularly good at handling trauma and shock - partly because you are no stranger to these things in your personal life. You may have a talent for hypnotism or healing.

PERSONAL - DRIVE: Power dealings

Emotional and erotic relationships make great demands on your energy. Childhood trauma invested you with an amazing power to survive in difficult situations. But this same survival talent sabotages harmony later in life. You are sensitive to, and fearful of, being controlled by another person. As a result you are emotionally defensive and assertive at the same time, and actually end up being in control yourself. The exaggerated need to master developments in partnership can mean that you do not allow the partner room to manoeuvre. There may be jealousy and exhausting emotional power battles. Sexually you have difficulty surrendering. Sex and power become confused. Only by trusting the other and giving up control can you achieve true sexual satisfaction and release. During the course of your life you develop great psychological insight which enables you to overcome and transform the pain of being crucified by your desires.

Mars Trine Moon

Please read page 10: "Moon Trine Mars"

Mars Sextile Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

When reading the following text, please bear in mind that you will for the most part experience only the positive effects of this aspect. You are particularly stimulated to learn and communicate, as regards the matters concerned.

PROFESSIONAL - DRIVES: Ebullience

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

PERSONAL - DRIVES: Ebullience

You may well be an exciting person to be with because of your sharp intellect, optimistic nature and sense of fun. If you are a man, you will enjoy the company of your own sex, and be engaged in many activities, perhaps connected with sport or travel. You can excel in mental sparring contests and the thrill of debate. However there may be a tendency to pontificate, or generally make your opinions known in a rather dominating manner. Knowledge and understanding are strong motivating factors for you, so you like to sharpen your mind with discussion and involve yourself in cultural interests.

Women with this aspect are attracted to intelligent men, and often have attachments to foreigners. The most important motivation factor when

choosing a man is his ability to expand her mental horizons - either through religious, political, philosophical or cultural interests. An intellectual watershed arises in the relationship, where the man is no longer able to satisfy the intellectual hunger of the woman. How this issue is dealt with is critical for the success of the relationship. The most important thing for both sexes is to take personal responsibility for ensuring constant intellectual or philosophical expansion and personal growth. Relationships would improve dramatically, if you were able to admit that sometimes you are wrong.

SEX & POWER - DRIVES: Ebullience

Male mentor figures have played an important role in the development of your intellect. If you had brothers, there will have been a lot of mental competition, and you may have felt that you had to struggle constantly to be able to assert yourself in comparison to them. Or alternatively your father may have been a very dominating man with strong opinions. At best this will have provided you with a very stimulating intellectual environment at worst he will have been moralising, with a tendency to hold long monologues about what he believed in. He may have manifested strong convictions about justice and right and wrong. You too will have developed great sensitivity about injustice, and later on in life this can give you a tendency to feel a kind of righteous indignation when you perceive unfairness.

Women with this aspect like to have a man who can match her on a mental level - but ultimately he will not be able to, because she is the one who developed the intellectual muscles through the challenges of childhood. As a woman you will be extremely sensitive to men insisting on being right, and you will challenge their views. However this is a projection mechanism which wastes your energy, and ends up making the man lose his dignity.

You have a strong sexuality, and can experience great fulfilment through the sexual act. Other things being equal you have a healthy and fun-loving attitude towards sex. However you do need to have an intellectual respect for your partner, before you feel erotically attracted. Men with this aspect may be rather too demanding - even greedy - as regards sex, and under certain circumstances this leads to promiscuity. As a woman you will also have a strong sexual appetite, but sometimes unconscious projection mechanisms give you the impression that it is the man who is sexually demanding. Experience will show that this is not the case.

Mars Square Uranus

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DRIVE: Experimentation

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals take. You need excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

PERSONAL - DRIVE: Experimentation

You are an extremely unpredictable person, and your fear of being limited by relationships makes you demonstratively aggressive when duty is required of you. Men with this aspect give their partner the impression that they can pack their bag and go at any time - in actual fact unpredictability is used as a threat to get their own way. Women with this aspect are attracted to unusual men, particularly from abroad or from some unique environment, - men who can promise excitement and freedom. There is a tendency to be enormously provocative and this can lead to explosive conflicts. This satisfies the ever-present craving for excitement in one way or another. To have peace in a relationship it is important to have some unusual interest or job which brings challenge and fulfilment. A relationship will not provide this in any lasting way. If all goes well you are an exciting person to be with, always willing to take a risk or try something new.

SEX & POWER - DRIVE: Experimentation

An untraditional father or brother will have evoked strong ideals of independence and freedom in you. You long for the open horizon and the unpredictable. This may relate to an atmosphere of tension in your home, where you felt - and feared - sudden changes or threats from males. The atmosphere was overcharged in some way. Actually you are born with an innate need to manifest your will in a dramatic way, and it will have been very difficult for your parents to control you. You will have experienced discipline as an unjust attack on your personal integrity, and this makes you even more provocative. With this attitude you will come into a spiral of conflict with authority. You don't want to learn from their experience, you want to learn from your own. If you can understand these rather hidden provocation patterns, you can learn to get on with others, even though you do go your own way. You do not have to be such an outsider.

In sexual matters you also have a taste for excitement. Not for you every Saturday when the children are in bed - unless there is an element of unpredictability you can quickly lose interest. Although sex manuals talk of the need for a long period of foreplay, this can actually be tedious for you - with your strong sexual magnetism, why wait?. There may be an interests in advanced sexual techniques and instruments of pleasure. Periods without sex create a strong sexual tension, and there is a tendency for the male to have premature orgasm because of a high level of expectation. Sex for you needs to be a surprise, and it can take place anywhere. The people who established the 5 mile high club probably had Mars/Uranus aspects. In some cases there may be early experiences of danger or the tabu connected with sex, which means you have to recreate a situation of tension to experience release through orgasm. In extreme cases women who have this aspect may be very provocative prior to love-making.

Mars Semisquare Neptune

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

You can expect this influence to be hidden and sporadic in its effect - which is negative, especially as concerned social issues, and issues of self-worth.

PROFESSIONAL - DRIVE: Refine your desires

Learning to be motivated and being able to define what you really want to do is one of the greatest challenges for you. You have many talents, especially on the creative side, and these can express themselves in advertising and marketing, matters concerning body energies (for example healing and massage), and many other areas - including social care. Paradoxically you have high ideals, yet may get involved in ethically questionable ventures. You can be driven by a nagging dissatisfaction connected with the meaning of what you are doing, and you thrive best when you work creatively or for a cause which transcends material interests. Doing something you believe in is what motivates you. You have

strong socialist impulses.

There is an extraordinarily repetitive theme about being cheated which can affect your working conditions. You will experience on occasions that people go behind your back or over your head - seemingly without any explanation. This is connected with your perfectionism and a tendency to express dissatisfaction. People hide things from you partially to avoid experiencing your disappointment. If you analyse your own behaviour you will discover that you also have a tendency to hide things from others! By being honest and accepting apparent imperfections, you can avoid unpleasant repetition of these happenings. It is also important for you to speak your mind and take a confrontation when it arises, to clear the air.

PERSONAL - DRIVE: Refine your desires

There is no doubt that moral issues are a big challenge for you in your life. Early experiences may have inclined you to be wary of acting spontaneously and openly, and this can give rise to great misunderstandings and often deceit in relationships. Women with this aspect will often find themselves getting attracted to men who disappoint them, perhaps through lying or being unfaithful, or through alcohol misuse. Men have problems regulating their material and sexual appetites. Women are attracted to creative, artistic or spiritual men, who fulfil their inner need to also develop these qualities. Whilst falling for a sensitive man however, there is paradoxically a fear of weaknesses in the male. An exaggerated focus on these supposed weaknesses and a fear of being lied to by the man actually causes the man to conceal his true desires and needs. This can result - in extreme cases - in a double life. The man with this influence cannot find satisfaction in simple material and sexual gratification, no matter how hard he tries - and he tries hard. Happiness comes when both sexes learn that satisfaction is only to be found in creative or spiritual goals - partnership will not in itself provide it. Dissatisfaction has to be seen as a divine discontent which drives the person to higher achievements.

SEX & POWER - DRIVE: Refine your desires

This influence evokes a feeling of vulnerability and satisfaction in both the man and the woman. In childhood you will have been witness to weakness and despair in either the father or a brother. Your father will probably have initiated you into his fears and disappointments, you may have experienced him in tears, or drunk, or confessing sexual unhappiness. As a result you have developed a genuine concern, but at the same time you wish to avoid getting involved with anyone who exhibits similar failings. You are both repulsed by weakness, and attracted to it, because on the deepest level you know that it exists within you.

Women unconsciously project their fears in this respect on men, and every sign of weakness in the man will activate the anxiety connected with childhood. Everything becomes a test for the man - and he is doomed to fail. Often the woman will choose a man who has inherent flaws in his character, but even the man without so many flaws will start to exhibit them. At first, however, there is a tendency to over-idealise the man, refusing to see any weaknesses. As early romantic love fades, weaknesses become apparent, and there is a feeling that the man has changed character, although of course he has just reverted to being himself.

The battleground for men is in the fulfilment of desires. Often there is a weakness for alcohol or drugs and sexual escapades - it is as if one is striving to be seduced by life. In the last analysis the test is a spiritual one ultimately one learns how transient the fulfilment of desire is.

The desire for sexual gratification is powerful, yet in some ways unreachable. There is a strong tendency to be unfaithful, and this is connected with the unrequited dream for sexual satisfaction. Routine sex quickly results in boredom - there is a need for magic, romance, wine and the spirit of seduction.

Women will often experience male partners being unfaithful - in some

cases with parallel relationships which continue secretly for many years. There is a subtle reason for this and it can be avoided. First of all there is a tendency to be very considerate on a sexual level, and this can result in having sex, when you do not really want it. This may mean regular sex without the erotic spark. The man will feel that he is not really satisfying the woman and will tend to seek sex elsewhere. The answer to this is of course only to have sex when you really want it, and to ensure the right seductive atmosphere. Erotic fantasies play an important role with this planetary influence, too, so it pays to share them. Unfaithfulness in this case starts with isolation during the actual sex act.

For the man, sexuality can be almost a plague - the search for the ultimate orgasm. Actually the whole point of this influence is to learn to refine sexual impulses. There can be great healing talents and unusual physical abilities - particularly as regards yoga, T'ai Chi, physiotherapy etc. - when this lesson is learned.

Jupiter Transiting Semisquare Mars

1/25/2010 -> 9/9/2010

You may not be particularly aware of this influence. If you are, expect to be troubled by influences which seem beyond your control - perhaps in connection with your personal economy or social life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Jupiter Transiting Conjunction IC**8/18/2010 -> 10/20/2010**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - FOUNDATIONS: Expanding your base
You will probably find family interests and expansion in the domestic sphere taking priority over your professional ambitions at this time.

Nevertheless you can experience a degree of luck in your career and perhaps the opportunity to travel or expand your sphere of influence. Surplus emotional energy enables you to be very supportive of those you work with now.

PERSONAL - FOUNDATIONS: Expanding your base

This is a time of emotional insight connected with your home, your family and your heritage. You will learn a lot about what holds a family together and what traditions are important. Psychological insight into your deepest emotional needs may lead to a reevaluation of the meaning of home to you. You will want to focus on increasing the space available to you and those close to you now.

Saturn Transiting Square Mars**10/9/2011 -> 12/31/2011**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now. First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

PERSONAL - DRIVES: Developing willpower

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships. Circumstances may however dictate less sex during this period.

Women who experience this influence will also be concerned about their body, especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

Uranus Transiting Conjunction Mars**7/1/2010 -> 7/16/2010**

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - DRIVES: Sparks

This is a dynamic and inspiring period, though not without an element of danger. You can hardly tolerate anyone telling you what to do now, so you are likely to experience conflict with those in authority. If there is trouble at work, seen objectively it is probably you who is being unreasonable. Your restlessness and desire for change hardly inclines you to compromise and settle in to some boring job now. You need excitement, independence, and a challenge. You would function better on your own now, especially if you could do some travelling internationally. If you have been dreaming of setting yourself up independently, this is the time to do it. There is very little fear of taking risks during this period, and plenty of energy to go it alone.

This is an excellent period for taking initiatives concerning change and renewal. There is a strong likelihood of long-distance travel to exotic destinations. Unconventional work is favoured, particularly in connection with New Age matters. However patience is low, and temper is high. This is an explosive cocktail which can make you more provocative than usual, so take care. You may be fascinated by mechanical or technical matters now, and this is a good time to develop talents in this area.

PERSONAL - DRIVES: Sparks

This is one of the most impulsive periods in your life, and you can expect a lot of excitement - or trouble - in these months. There is a resurgence of energy and a desire to break free and do something different. Feeling bored is like the ringing of an alarm clock, which is telling you to take steps to create a more stimulating backdrop for your life. People at this time are inclined to take risks - parachuting, karate, mountain climbing and similar activities exert an almost magnetic attraction. Women at this time are inclined to get restless in their relationships and be rather provocative. If unattached there is a tendency to get involved with a very unpredictable type of man who can bring an element of excitement into the life. Often there are meetings with foreigners or long-distance travel in connection with love.

Sexually this can be a time of dramatic awakening, partly due to a more experimental attitude towards sex. Though love-affairs may serve to galvanise the mind and body now, relationships are characterised by tension and periodic separation. Men experiencing this transit will also be restless, and have a roving eye. For men too, this is a good time for sexual experimentation. The urge for freedom tends to threaten established relationships. To avoid sabotaging worthwhile relationships now, it is essential to find new challenges at work or exciting projects to undertake in your private life.

Jupiter In 10th House

PROFESSIONAL - WISDOM: Believe in yourself.

Professional success should come naturally for you, and you may find yourself being helped on your way by influential people who are well-disposed towards you. Success will come in 12 year cycles of expansion and decline. Your ability to grasp opportunities before other people, and a strong belief in your own abilities contribute towards personal success. You are a believer in the principles of growth and laissez-faire, and you know instinctively how important positive thinking is for the achievement of goals. Failures can occur when you rely too much on blind faith, and visions must be backed up by strategic planning. International connections may be an essential ingredient for success. Your personal convictions may have considerable social influence, and people may pay well for your professional advice. This is due to your long-term vision and perspective.

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy.

The influence of this planetary connection is difficult to discern, though it can have an effect either spiritual or material attitudes.

PROFESSIONAL - GOALS: Counsellor

Your foresight and understanding are important assets in your career. You can work in an advisory capacity, and may function well in areas concerned with publishing, travel, law or international affairs. Superiors tend to support you and ensure your promotion. Your chief weakness is a tendency to overestimate your own importance, and to foist your own views on colleagues. You need meaningful goals, and when you follow them you are destined for success.

PERSONAL - GOALS: Counsellor

Fortune smiles on you in family and professional matters. Your upbringing was probably quite enlightened, and many of the strong views and convictions you have stem from the example of your parents early in life. You want to achieve a position of importance in your community. You appreciate space around you in your home environment. You may have a tendency to be showy, and when it comes to property, this can be expensive.

Jupiter Transiting Conjunction Jupiter

3/23/2010 -> 2/16/2011

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your

insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

PROFESSIONAL - WISDOM: Opportunity knocks

This can be a good time in your professional life, if you are prepared to harness your vision of the future to build something lasting. Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give you recognition, and this can lead to a change of status or well-earned promotion.

If you overestimate your abilities, and hope for success without making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

PERSONAL - WISDOM: Opportunity knocks

You can expect some consolidation in your life which will give you greater security now. If you are the lucky type, you will benefit from real estate dealings or home purchase. Your status will be formally confirmed in one way or another. You can move up a few steps in life, if you are prepared to make the necessary efforts and have a positive expectation of the future. PROFESSIONAL - WISDOM: Spiritual depths

You may have more pleasures from withdrawing from the rough and tumble of the business world at this time, and your interests are probably more centred on you private life than on your public life. It is wise to assume a low profile as regards your personal convictions, and to invest more in your inner development than outer expansion. There may be expansion in your dealings with public service institutions.

PERSONAL - WISDOM: Spiritual depths

This is a time of rapid spiritual growth or increased creative activity in which you feel a greater bond to the universe. You will be enriched through isolation, and can experience great pleasure through communion with nature or meditative activity. It is your inner life that matters now, so concentrate on spiritual growth. You may feel drawn to act more compassionately, and your understanding of the human predicament is enhanced.

Challenges

Saturn In Cancer Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - SELF-RELIANCE: Building security

Saturn was in the sign of Cancer in the years 1944-1946 and 1973-75. This was a time of focus on the difficulties of rebuilding family and national values. There was a sombre mood during this period. Security and safety were major issues during these years, and all efforts were concentrated upon providing support. Insofar as you express this collective influence in your own career, you will be concerned with conventional values as regards loyalty, nurturing and security. You are strongly motivated by the needs of your family in your professional pursuits, and work hard to create a secure domestic foundation for your life, though the security you are striving for proves to be elusive. You may seek professional security through the extended family of some kind of corporation.

PERSONAL - SELF-RELIANCE: Building security

Your childhood was affected by a pervasive mood of struggle and difficulty

which may make it difficult for you to express emotions in a natural or spontaneous way. You have the capacity to control and hide your feelings this was probably the dominant trend in society as regards upbringing during your early years. In many ways you were probably asked to take too much responsibility at an early age, and though this gives you an aura of maturity, you may feel emotionally blocked. During the course of your life you will be challenged to come to terms with repressed emotions. You need to take the risk of showing what you really feel, without being afraid of being rejected. By building up a strong sense of emotional self-reliance, you will realise that you can afford to show that you are emotionally vulnerable. When you soften up emotionally, people will reach out to support you.

Saturn In 1st House

PROFESSIONAL - SELF-RELIANCE: Develop self-esteem.

You take a serious view of life - partly because you have had to overcome many challenges in the first 30 years of your life. As you work hard to overcome a naturally shyness and tendency to underestimate yourself and your abilities, success tends to come later in life. Nevertheless, being hard working and persevering, you will attain a responsible professional position through sheer determination. You are ambitious, drive yourself hard and have a low expectation level. People see you as responsible with impressive self-discipline and drive. Once you overcome lack of self-confidence you will discover that you have considerable administrative ability and the power to wield authority.

PERSONAL - SELF-RELIANCE: Develop self-esteem.

Difficult experiences connected with your family structure undermined your self-confidence as a child and have given you a rather negative picture of yourself. This lack of self-esteem will also have a tendency to dampen the spirits of those around you in your environment earlier in your life. Only when people get to know you and your self-deprecating humour, do they feel comfortable. The people you meet often feel that you rebuff them and misinterpret their good intentions. Experience has evoked in you a certain suspicion and scepticism, and you need plenty of time before you feel you can trust others. However, once you allow yourself to thaw, and let your barriers down, you can be a loyal and trustworthy friend and partner. By cultivating a positive attitude to yourself and your future, you can greatly speed up your personal development.

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Please remember when reading this section, that the harmonious nature of this contact means that you can use the energies creatively, for the most part without negative effects.

PROFESSIONAL - SELF-RELIANCE: Structural renewal

This rare combination of planets is part of a 46-year cycle, and the

influence will affect everyone over a period of approximately a year. In so far as you channel this influence through your career you have the capacity to deal with large organisations and will often find yourself in the position of establishing a bridge from the old to the new. With one foot in tradition and the established values of collective experience, you will also have to deal with the necessity of reform to adjust to a new future. Depending on which side of this equation you are on, there can be conflict with established authorities. Thus you will often be confronted by two separate and very different camps with very different viewpoints. You deal with social structures which have outlived their usefulness; perhaps a revolution is necessary to make room for the future. You can be skilled at finding ways of putting new technology to practical use. You can work in areas concerned with social reform.

PERSONAL - SELF-RELIANCE: Structural renewal

Your personal struggle is very much connected with when to release your attachment to the past and open yourself and your life to the necessity of change. Often you hang on to restrictive life-patterns too long, and when sudden change comes - as it invariably does - the edifice you have built up can disintegrate as you uncompromisingly embark on a completely new venture. You tread the tightrope between generations and have the capacity to bridge the gap between young and old. Sometimes you identify with the establishment, yet there will come decisive breaks as you violently strive to adjust to change. You have a role in society in which you should bear the banner of reform.

COLLECTIVE - SELF-RELIANCE: Structural renewal

As Saturn takes a little under 30 years to orbit the Sun, and Uranus 84 years, these two planets meet in a conjunction cycle every 46 years. Saturn represents the forces of the past and the establishment, and Uranus the force of the future. Needless to say, this is an uncomfortable meeting which tends to bring violent upheaval in the world. In mythology, Saturn, who never was very keen on change, castrated Uranus. There was a conjunction in 1942 during World War II, and in 1988 which marked the beginning of the end for the Soviet Union and Eastern Europe. This combination shows the degree of integration of reform in society, and, depending on the kind of aspect, how peaceful this process is. Generally there is a strong polarisation between the old and the young at stressful phases on this cycle - for example during the opposition in 1965, when young people dropped out of established society. The aspect also marks milestones in the practical use of modern technology.

Saturn Quincunx Neptune

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life.

It is difficult for you to integrate the energies of these two planets, as they relate to different sense systems in your body. You should make some progress with this after the age of 30.

PROFESSIONAL - SELF-RELIANCE: Dissolution of structure

These two slow-moving planets form rare aspects as part of a 36-year conjunction cycle. Insofar as you express this influence in your professional life, you will be concerned with making dreams real, and bringing visions down to earth. This may be expressed politically, through concerned social work, or perhaps your career will be touched by some other form of contact with the pressing social issues that this aspect symbolises. This can mean dealing with suffering in one form or another, for example loneliness or poverty, old age, alcoholism etc. As regards your own ambitions, you will often feel that you are driven by a deep sense of professional dissatisfaction, and even the goals you attain may seem empty once they are achieved. True meaning is found in some form of service in which you sacrifice personal ambition for a universal cause.

PERSONAL - SELF-RELIANCE: Dissolution of structure

Though this aspect is felt mostly on a collective level, there will be times in your life when you are struck by a deep sense of sadness or tragedy. In some peripheral area of your existence you will encounter deep suffering which will make a lasting impression on your attitude to life - particularly as regards the drive for personal achievement. This kind of experience may tend to make you escapist in one form or another, or you may feel a strong drive to find personal meaning through work, service and sacrifice. During the course of your life you learn to find hope, when things seem most hopeless. You are very aware that personal status and material achievement give no lasting answers to human dissatisfaction; it is the inner, spiritual qualities in existence which count. If you have personal planets contacting this aspect, you will feel the influence very strongly.

COLLECTIVE - SELF-RELIANCE: Dissolution of structure

As Saturn takes a little under 30 years to go around the Sun, and Neptune 165 years, they meet every 36 years. This conjunction cycle is experienced powerfully on a political level as the dissolution of government structures which have outlived their usefulness. This cycle is strongly related to socialism, and the last 3 conjunctions - in 1917, 1953, and 1989 - have seen major changes in Russia for example. If there are serious leaks, the ship of state sinks under this aspect. It evokes in the collective spirit the need to take concrete action to improve the situation of the underprivileged, thus much work will be done on hospitals and the social services at this time. The same combination also has to do with imprisonment, suffering and old-age.

Saturn Square Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

PERSONAL - SELF-RELIANCE: Re-evaluate personal power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

COLLECTIVE - SELF-RELIANCE: Re-evaluate personal power

Saturn orbits the Sun every 29½ years, and Pluto takes 246 years. Therefore Saturn overtakes Pluto every 35 years. Politically this cycle often leads to the restructuring or the painful birth of nations. The conjunction took place in 1914, 1947 and 1982. The first two dates saw

the beginning of World War 1, and then the birth of Israel, Pakistan, India (the fall of British colonial power), and, a little later, Communist China.

1982 was the beginning of the disintegration of Lebanon and the nuclear stand-off between USA and the Soviet Union in Europe.

The key issues here are colossal power confrontation with ideologies strongly at variance. Politically there is no way around power battles. Old structures experience their death-throes as they outlive their usefulness. Organisations are stripped to their bare bones. Only by profound surgical cut-backs can new growth take place. Major turning points in this 35-year cycle will take place at approximately 9 year intervals.

When you are born under this planetary phase, it can be your destiny to live out the collective idea, by working intensely on restructuring processes in society.

Saturn Sesquisquare MC

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart.

The tension created between these two planets is for the most part on a hidden and unconscious level. It can manifest as stubborn confrontation in situations which threaten the ego or sense of emotional security.

PROFESSIONAL - GOALS: Against the odds

Family pressures play an important role in your laborious climb up the ladder of success, and you may experience considerable difficulty living up to parental expectations or the demands of your superiors. When you overcome lack of self-confidence and decide what it is you personally want to do, you achieve success - though late in life. When you clarify your own inferiority complex in relation to people in power, you can assume a position of authority and have a lasting influence on society. Beware of dictatorial behaviour.

PERSONAL - GOALS: Against the odds

Difficult circumstances in childhood contribute to an undermining of your confidence as regards personal achievement, though the older you get, the more you relax in this respect. You strive hard, and allow yourself to be driven by the expectations of other people, and this can mean that you do not take enough time off to experience the pleasures of the family and domestic life. You tend to establish a strict regime - both in your personal and your private life. By viewing your goals through the perspective of what values are important in old age, you can avoid the pitfalls of excessive ambition when young.

Jupiter Transiting Conjunction Saturn

8/22/2010 -> 10/24/2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional

authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework
At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

This is a time of tension and dramatic change which may be most apparent in your domestic life, or in your career. Use the time to make much-needed changes.

PROFESSIONAL - SELF-RELIANCE: Adjusting direction
As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

PERSONAL - SELF-RELIANCE: Adjusting direction
All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision

now can mean years wasted on unfulfilling work.

Uranus Transiting Sextile Saturn 7/12/2010 -> 9/27/2010

This influence is mildly beneficial, though you will not feel it very powerfully. A combination of effort and luck should enable you to make the most of the following influence.

PROFESSIONAL - SELF-RELIANCE: Renewal of plans
This may well be a period of increased social activity and intellectual curiosity. You should ask yourself questions now concerning the viability of long-term plans and well-established traditions in your career. Should things continue as they have been, or would it be wise to experiment and integrate new techniques? Unpredictable events can arise which force you to make changes. It would be to your advantage to consider the humanitarian aspects of your work, and do something which has positive social consequences. International contacts and modern technology can also benefit you. On a deeper level you may want to take a closer look at professional commitments and change your values, so that you can have more freedom and independence. Freedom, experimentation and flexibility are key words now, as you cannot thrive under the command of others, or with a rigid work schedule.

PERSONAL - SELF-RELIANCE: Renewal of plans
If your life is dominated by rigid patterns and tight schedules, you will be wanting to liberate yourself from their tyranny now. Many of the structures that you have built up in your life serve only to constrict you and prevent further development and growth. Now is the time to open doors and take a few risks with your life. Cut back on commitments, put your Time Manager away and brush away the cobwebs of your mind. It is no use being restricted by the same old arguments about responsibility to others - parents and partner must accept that there is also a personal responsibility to develop greater consciousness. Unpredictable things can happen now, structures break down, carefully laid plans are abandoned - you need a dash of excitement.

PROFESSIONAL - SELF-RELIANCE: Work on identity issues
During this phase of your life it is important to overcome any lack of self-confidence that you have in projecting yourself. You will be challenged to put your identity on the line, even if you would rather not. At the same time, if you happen to be rather egocentric, expect severe blows to your pride. You are seeking recognition, but this will not come if you just rely on your charm. It comes only through hard work to produce solid creative results. In the last analysis you are your own judge, and this is the time when you define your own criteria for self-acceptance.

PERSONAL - SELF-RELIANCE: Work on identity
In personal matters events may seem to conspire to rob you of the recognition or admiration which you would like to have. Love affairs designed to boost the ego will result in disappointment, popularity is hard to achieve, and the capacity to relax and enjoy life is not so apparent. There may be a strong emphasis on children, and there will be hard work and a lot of responsibility in this area. It is wise now to develop an inner self-sufficiency, instead of relying on support from others. The central issue is for you to build up your reserves of confidence in yourself and your abilities without relying on confirmation from others.

Originality

Uranus In Scorpio Retrograde

At birth this planet appeared to be moving backwards relative to the Earth. You will learn special lessons in connection with attachments to people and things from the distant past, and a turning point will arise, at some point in your life, in the matters described.

COLLECTIVE - ORIGINALITY: Exploring forbidden territory
Uranus takes 84 years to orbit the Sun and is in this sign for 7 years, representing a collective influence on a whole generation. It shows how you are most influenced by revolutionary attitudes in society. When the Ascendant is in Aquarius this influence will be expressed in a more personal way.
Uranus was in Scorpio from 1891 to 1897 and 1975 to 1981. This ushered in an era of anxiety about the future and revolutionary attitudes to tabu issues such as sexuality and death. This was also a period in which there was a strong drive to experience freedom from the controlling side of government, unions and big money. On many deep levels these were times of provocation and breaking down of limits established by convention.

If you happen to channel this influence on a personal level you will live your life with an electric intensity and be driven by deep needs to experiment with your life in a radical way. This can bring extraordinary psychological insights and erotic experiences. You will have a tendency to get under other people's skin and shock them in some way, partly because you want to free people from the limiting affect of their irrational fears.

Uranus In 5th House

PROFESSIONAL - ORIGINALITY: Unique self-expression

In professional matters you can project your identity in an original way, inspiring others through your ability to be unique and make the most of untraditional talents. You have an intuitive sense about when it might pay to take a risk. You can bring out the latent creativity in individuals in groupwork. You may also have a special talent with children who feel they are outsiders in some way. If you work with creativity you will feel a strong need to be shocking and provocative, going to extremes to express your own unique qualities.

PERSONAL - ORIGINALITY: Unique self-expression

You probably liked to express your individuality in a rather unconventional way as a child - perhaps because you felt you were an outsider in some way. You feel most alive when you break new ground in self-expression. Adventure and daring sports may appeal to you, and you are inspired by risk-taking. In matters of the heart you are inclined towards sudden magnetic attractions with unconventional people, and love-affairs may be characterised by separation and travel. Excitement and the opportunity for change are more important for you in love than security or sexuality. You are willing to experiment in matters of the heart. Unusual circumstances are connected with children in your life. Children are like friends to you - you treat them as equals and do not feel that you own them, or that they owe you anything. As freedom is important for you, you may not wish to have children, but if you do, you will bring them up in an untraditional way. You are well-equipped to bring up children who are not biologically your own.

Jupiter Transiting Semisquare Uranus

8/8/2010 -> 10/19/2010

Though this influence is rather weak, you can expect some exasperation in connection with the following influences.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern

methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

PERSONAL - ORIGINALITY: Limiting individualism

During this phase of your life, you will find that you have to take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views. However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

Uranus Transiting Sextile Uranus**7/2/2010 -> 9/18/2010**

This is a mildly constructive period for you in the following area. You can expect to reap benefits, especially if you capitalise on your intellectual talents and social influence.

PROFESSIONAL - ORIGINALITY: Self-renewal

Everybody experiences this influence at similar ages, each time Uranus aspects itself during its 84 year orbit around the Sun. The ages of 21, 42 and 63 are the most significant times of change and reorientation. At these times you are challenged to make some form of renewal in your career. Unpredictable events upset plans and force you to keep up with the rapid pace of change going on in the modern world. It is favourable to broaden your horizons through travel and self-development course, and

unfavourable to plod on in the same old direction. Self-realisation should take priority over status and ambitions now.

PERSONAL - ORIGINALITY: Self-renewal

Uranus makes major stressful aspects to its birth position every 21 years, and major positive aspects every 16 years. These should be times of exciting change and experimentation. Don't let yourself be restricted by the establishment - particularly in the form of parents and partners - during these periods. It is your job to challenge the status quo and preach the doctrine of renewal and change. Travel and change of environment can serve to bring you in contact with the electric energy of life. Be inspired and take a few risks.

This is a very beneficial influence, though you may not be consciously aware of the process. Creativity and travel are favoured as you expand your capacities and sphere of influence.

PROFESSIONAL - ORIGINALITY: New Age promise

This influence is rather subtle in its effect - its influence is felt most strongly for those with an Aquarius Ascendant. It is a time when sudden events can change the direction your life takes - perhaps because of the intervention of forces beyond your control. It can be effective for you to make subtle career adjustments, integrating mass marketing factors, or new technology in one way or another. You may be able to tune in to media forces, and harness future trends to promote whatever is important to you. This is typically a time when new age interests, and anything to do with consciousness growth can play an important role in your future - though there is a tendency to experience a degree of disillusion in these matters.

PERSONAL - ORIGINALITY: New Age promise

Inasmuch as you feel the subtle affects of this influence, you will find this period a time of considerable growth, especially on a spiritual level. It is a good time to harness revolutionary new methods in the pursuit of transcendent interests. Clairvoyance, astrology and all kinds of weird and

wonderful things are favoured now. You may however feel that the promises of those groups you are involved with at this time turn out to be empty or illusory in the long run. You have a tendency to go overboard in your search for self-realisation, losing perspective of its practical consequences on your domestic and professional life.

Pluto Transiting Sextile Uranus

1/1/2010 -> 10/27/2011

This influence is mildly beneficial, though you will not feel it very powerfully. A combination of effort and luck should enable you to make the most of the following influence.

PROFESSIONAL - ORIGINALITY: Eliminate extremes

This is normally a minor influence, but it may involve a shock or unexpected event. This can effect technological systems, computers and transport and may involve long-term renewal of technology. However the whole question of growth and progress becomes a major issue - perhaps because you realise how brutal the forces of survival in the marketplace are. People can seem as pawns in a game played by higher powers. Mechanisation and modernisation can be a very alienating and dehumanising influence, so you may resolve to absorb yourself in social or humanitarian interests in protest.

PERSONAL - ORIGINALITY: Eliminate extremes

On a personal level this is a time to eliminate extreme manifestations of independence which alienate others. Changes on a collective level which are beyond your control can lead to some kind of radical renewal in your personal environment. Groups or associations can play an important role in your life now, and you may be confronted with power struggles on the subject of group integrity. You may in particular be confronted by the darker side of power-hungry people in social organisations to the extent that you wish to withdraw. If you are interested in personal development, radical changes of consciousness can arise as energy channels are opened in your body. This influence is more powerful if you have an Aquarius Ascendant.

Transcendence

Neptune In Sagittarius

COLLECTIVE - TRANSCENDENCE: Limitless horizons

Neptune takes 165 years to orbit the Sun, and approximately 14 years to go through one sign. Its influence affects a whole generation, and is associated with a new sensory and spiritual awareness, and greater compassion, in connection with the sign it is in. For most people this influence is experienced on a collective level, but those who have their Ascendant in Pisces will express it in a personal way in their lives. Neptune was in Sagittarius from 1806 to 1820, and again from 1970 to 1984. A globalisation of human consciousness took place at these times, as people were made more aware of the world around them through travel and exploration. New boundaries were opened up and captured the imagination of the populace. These periods also heralded an expansion of religious consciousness, as other beliefs impinged on and undermined traditionally accepted religious convictions.

If you can express this influence in your life in a personal way you will be possessed by idealistic fervour as regards your beliefs and convictions on social, intellectual and spiritual matters. You are inclined to idealise

spiritual concepts or mentor figures, but at some point in your life you are likely to be disillusioned. You are motivated by a search for eternal truth, but you will most probably discover that all human concepts are projections of the human spirit, and therefore in the last analysis illusory. Foreign countries and travel may play an important role in your personal development.

Neptune In 6th House

PROFESSIONAL - TRANSCENDENCE: Everyday rituals

You have some very specific talents that can be useful in your professional life. There may be a knowledge of chemicals, liquids, photography, the ocean or advertising. You like to be able to lose yourself in your work - either through being creative, through watching magical processes, or because you can be of help to humanity in some way. You are inspired by the idea of service and sacrifice for the benefit of others. Often you will find situations developing at work which are beyond your control. In the long run you will find that work which does not offer spiritual or creative perspectives will render your life meaningless. Periods of unemployment can actually be beneficial for you, even though you may feel helpless, because they help you meditate on what is really important for you, and how you can be most useful in your life. You need to be able to work alone or at least have a pure and peaceful working environment.

PERSONAL - TRANSCENDENCE: Everyday rituals

You are motivated by the spirit of service, but this may mean you do not know where to draw the line as regards work-sharing in partnerships. If you do not set a limit for what you do, you may end up being overloaded with work. You tend to have sloppy work methods, and you would benefit greatly from more efficient planning. Being inefficient is an unconscious tactic effectively preventing other people making demands on you. Being helpful is no help to anyone if you do not take your own needs into accounts. Health problems will often be mysterious or difficult to identify - your body obviously knows how to set limits when you fail to do so yourself. You may have certain talents for healing as a result of an intuitive ability to tune into the physical, mental and spiritual needs of other people.

Neptune Sextile Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

COLLECTIVE - TRANSCENDENCE: Mass vision

The Neptune/Pluto planetary cycle is connected with spiritual evolution on Earth and whole generations share this present harmonious aspect which lasting as it does from 1940 - 2040 - is connected with a deep spiritual transformation process affecting the whole of human consciousness. Neptune catches up with Pluto every 492 years, in what can be considered a spiritual seeding period for our planet. New collective ideas emerge at the start of this cycle, evoked by sudden developments of the technology and discoveries of the time. The major conjunctions since the birth of Christ were 411 AD, (disintegration of Roman empire), 904 AD, 1398, and 1891-2. This last conjunction in the sign of Gemini may therefore partly relate to the revolution of transport (flight and automobiles) and communication (radiowaves) which has such immeasurable effects on our consciousness today.

Neptune Conjunction N. Node, Neptune Opposition S. Node

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

This connection between two planets shows a fusion of two principles for good or ill. You integrate quite different energies and express them as one process. This manifests as a strong personal character trait.

PROFESSIONAL - DESTINY: Living a dream

Though you tend to keep yourself on the outskirts of the organisations and groups which constitute society, you may be able to exert a quiet influence on the collective mood through your deep concern or high ideals about human life. You may have Utopian principles with completely unrealistic dreams about human nature and social relationships, but you do have a guiding vision for humanity. You may have the ability to channel collective visions through the power of the media. People project their hopes and dreams onto you.

PERSONAL - DESTINY: Living a dream

Your life is a journey in search of the unattainable. You are guided by

feelings and intuitions which go completely beyond your personal ego, and you may feel - or long for - a sense of connection with eternal forces in the universe. During the whole course of your worldly existence you are reminded of the emptiness of so-called reality. Many disappointments arise to remind you of the futility of worldly ambition, and the field of human relationships is pervaded by an aura of dissatisfaction. You are in the world, but not of it.

Jupiter Transiting Semisquare Neptune 8/5/2010 -> 8/12/2010

You may not be particularly aware of this influence. If you are, expect to be troubled by influences which seem beyond your control - perhaps in connection with your personal economy or social life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Though this influence is rather weak, you can expect some exasperation in connection with the following influences.

PROFESSIONAL - TRANSCENDENCE: Making dreams concrete

This influence may not be felt very strongly, unless you have a strong Pisces influence in your horoscope. It can be difficult to make concrete plans now, things tend to flow in an uncontrollable way, goals slip through your fingers. Instead of making strategies and long-term goals it would be an advantage to do something constructive with your creative talents. Your greatest asset at this time is your imagination, so try to think of practical applications for creative ideas. If you act in a determined manner you can realise many of your dreams and visions now. This is an excellent time for helping people who are losers in society.

PERSONAL - TRANSCENDENCE: Making dreams concrete

This is a time when you will probably feel rather alone and isolated. Money

may be short, and security even shorter. You are forced to develop your inner resources now, because outer structures in your life tend to dissolve. This is a good period for developing spiritual discipline, or making long-term plans for creative development and growth. But otherwise there is a tendency to be down-and-out, or on the fringe of society. Nevertheless you may feel moved to take more responsibility for those who suffer now, or to make some sacrifice for others. Avoid negative frames of mind, or tendencies towards alcohol or pill misuse.

Uranus Transiting Conjunction Neptune**7/3/2010 -> 7/18/2010**

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - TRANSCENDENCE: Inner dimensions

This influence is rather subtle in its effect, although it can be felt strongly by those with a strong Pisces nature. It is very transcendental in nature encouraging you to get in touch with subliminal forces in society and harness them in your professional life. This influence is good for mass marketing techniques, working with the media and advertising, and international contacts. It is especially good for New Age interests, awakening latent talents for clairvoyance, astrology and the like. Unrealistic dreams and expectations can take flight now, so try to be as realistic as possible.

PERSONAL - TRANSCENDENCE: Inner dimensions

This rather subtle influence will affect those people who are sensitive to inner realms of consciousness and the imagination. It is a great time for fantasy and spiritual creativity although care has to be taken not to lose all contact with reality. Many deep emotions are stirred now, giving rise to new consciousness states and a transcendental awareness. If you can channel these rarefied energies through meditation or group work, you can expect considerable spiritual growth now. This is the time to see auras, enter dream states and develop intuitive and clairvoyant powers.

Transformation**Pluto In Libra Retrograde**

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

COLLECTIVE - TRANSFORMATION: Balance of power
Pluto has an irregular orbit around the Sun which takes about 248 years. When Pluto is closest to the Sun it takes only 12 years to traverse a sign. When it is furthest away, it takes approximately 30 years. Its influence is felt collectively on a very deep level in society, bringing trauma,

transformation and renewal in regard to the sign it is in. Individuals with their Ascendant in Scorpio may express this influence in a personal way, otherwise its effect is expressed as an underlying influence on a whole generation.

Pluto was in Libra from 1725 to 1738, and again from 1971 to 1984. Major reorientations in human relationships took place at these times. Accepted modes of partnerships and the institution of marriage were challenged by a collective need for greater balance and a restitution of equality. Politically this was the era of the balance of power, with an underlying threat of destruction. Socially people related in a new way which undermined relationship taboos. Ideological concepts of right and wrong led to the destruction of a social harmony which previously had been based on exploitation.

If you are able to channel this collective influence in a personal way, you will be very concerned about your personal relationships, and they will be a source of private intense turmoil. You may feel called upon to redress injustice in some way, and you are inclined to be ruthless in your judgement, even to the extent of risking social alienation. A relationship of great depth - and the necessity of cutting seemingly unbreakable bonds - may form the backdrop of a major transformation in your life.

Pluto In 5th House

PROFESSIONAL - TRANSFORMATION: Transforming self-expression
You can make a powerful impression on others, and this can be both a blessing and a curse in professional matters. You may be too concerned with power and impact on others, and this can prevent you from gauging their reactions. Your anxiety concerning the way you present yourself can obscure the actual goal you are trying to achieve. Rest assured people are impressed, and relax - otherwise you will exhaust others with your presence. You have enormous resources when dealing with children, especially those with psychological problems. On the outside nothing appears to faze you; on an inner level you exert superhuman self-control. You are inscrutable and may have a future in playing poker.

PERSONAL - TRANSFORMATION: Transforming self-expression
A trauma from early childhood often makes you overcompensate when you express yourself - you can be overly-forceful. In love a desperate need to be respected as an individual drives you into intense affairs which often turn out to be traumatic - perhaps because you demand the impossible instead of relaxing and giving love. You may put yourself in a position where you end up humiliated, or conversely where you have all the power. A deeper self-knowledge and psychological insight helps you avoid exhausting experiences in this area. Having children tends to awaken anxiety in you - for example a completely unfounded fear of accidents etc. You have to learn to trust in the universe as regards the fate of your children, otherwise you could exhaust yourself fighting shadows. You may find yourself in a relationship in which you have to be a parent of a child who is not yours biologically. Although this can be an alienating process, this kind of parental role may mirror how you felt as a child, and as such can have a healing influence.

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. When reading the following description, please bear in mind that you are a fast learner and overcome any difficulties involved very quickly. You can expect to use this aspect constructively and harmoniously.

PROFESSIONAL - DESTINY: Survival in extremity

You emit an aura of power in your social relationships, and you may get involved with groups or organisations of a secretive nature which exert a powerful yet hidden influence over the masses in society. A role will be found for you at times of great upheaval, and you will often be called upon to preside over or witness the forces of change which are completely beyond the control of normal institutions, when the hand of fate crushes the safe structures in society.

PERSONAL - DESTINY: Survival in extremity

Profound upheavals or staggering transformations can change the course of your life at key moments in your development. You will be exposed in one way or another to the destructive forces in society, or to the inner demons of fate, and this may force you to make ruthless decisions to ensure your survival. Archetypal memories of death or destruction can trouble your unconscious mind. You may also be exposed socially because you awaken anxiety or sexual undercurrents in others. You will be no stranger to loss, but you have no difficulty in turning your back on the past and starting anew.

Pluto Sesquiquare MC

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances.

As there is tension between these two planetary influences in your chart, it will be very difficult for you to achieve the promised beneficial results before the age of 30.

PROFESSIONAL - GOALS: Back to the roots

You are possessed by a compulsive urge to attain success or power and you invest much of your energies into your ambitions. A radical transformation in maturity will lead to a total redefinition of what you want to achieve - perhaps through the realisation that you have been trying unconsciously to fulfil the ambitions of one of your parents. You have a talent for dealing with psychology or psychic matters, but you are also capable of wielding personal power - though you tend to be autocratic.

PERSONAL - GOALS: Back to the roots

Parental and ancestral themes have a deep effect on your sense of direction. You may feel the need to eliminate the pull of inherited factors on your life. An obsessive urge to reorganise your environment can mean that you uproot your family and seek new professional challenges. Secrets and power misuse during your upbringing can make you suspicious of the motives of those close to you - both professionally and domestically.

Jupiter Transiting Conjunction Pluto

8/14/2010 -> 10/17/2010

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

You can expect powerful change in this area, as you learn to integrate the following influence into your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power

This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

PERSONAL - TRANSFORMATION: Bonds on power

Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

Uranus Transiting Sextile Pluto**7/3/2010 -> 9/20/2010**

This is a mildly constructive period for you in the following area. You can expect to reap benefits, especially if you capitalise on your intellectual talents and social influence.

PROFESSIONAL - TRANSCENDENCE: Unpredictable power

This influence will pass most people by, unless they have strong Scorpio character traits. Generally this is experienced as forces completely outside one's control revealing hidden flaws or secret affairs in organisations. Powerful and secret forces in society can impinge on one's career in completely unpredictable ways now. This is a time of extremism and violent uncertainty, and allowances ought to be made as far as plans are concerned. Threats received at this time can awaken deep anxieties. If you work with computers beware of viruses and other unpredictable events. This is a good time for harnessing technological forces to consolidate power.

PERSONAL - TRANSFORMATION: Unpredictable power

For those who are sensitive enough to feel this influence, they can expect a powerful awakening of unconscious forces. This can be a very disturbing event, as you may feel that you have little conscious control over the deep repressions that can well up to the surface and dominate your consciousness. This is a good time for group therapy and greater psychological awareness. There may be an interest in archetypal forces such as shamanism and occult forces, but great care has to be taken with such forces. Violent imagery can surface in dreams and in waking life, and perhaps this process should be seen as an inner spring cleaning in the manner of an electrical storm which clears the atmosphere.

Pluto Transiting Square Pluto**1/9/2011 -> 12/31/2011**

This is a time of tension and dramatic change which may be most apparent in your domestic life, or in your career. Use the time to make much-needed changes.

PROFESSIONAL - TRANSFORMATION: Evolutionary change

This influence - which arises in the late thirties - confronts you with the need to reorganise in connection with the evolution of whatever you are concerned with professionally. You have to examine in what areas you use or misuse power, and to what extent you feel dominated by forces beyond your control. In the power struggle that follows you have to harness all your survival urges. You will learn that the need to prevail in life sometimes necessitates actions which have dubious morality - but you cannot afford to be sentimental.

PERSONAL - TRANSFORMATION: Evolutionary change

During this period deep unconscious processes rise to the surface to be dealt with by your conscious mind. It is an excellent time for getting to the root of personal problems which have haunted you for the last 35 years. Deep psychological issues which have been banished from memory now resurface, and you should have the capacity and strength to restructure these forces so that they no longer control you on a subconscious level.

Destiny**N. Node In Sagittarius, S. Node In Gemini****PROFESSIONAL - DESTINY:** The inner guru

You enter professional life with a number of good cards in your hand. You have the ability to communicate and a good grasp of facts. On top of this you may have specific talents concerning the nature of the mind and the way it functions. Yet there is a tremendous restlessness and lack of staying power which means that you tend to change direction repeatedly, so that you have difficulty consolidating your achievements. As you mature you develop a strong need to weave all these threads into something more meaningful, and it becomes important for you to develop a life philosophy which puts your ambitions into perspective. An intellectual hunger may bring travel which widens your horizons and opens your mind. Adult education opportunities give you new understanding. International dealings and cultural exchange can also form the backbone of changed career goals.

PERSONAL - DESTINY: The inner guru

Major issues in your life centre around knowledge, communication and understanding. Early on you are very strongly influenced by the ideas of others, and you spend a lot of time passing on knowledge which comes

from intellectual authorities. In general you are drawn in to a world of gossip which seems to dissipate your mental energy. You meet too many people, are always on your way from one place to another, and generally have difficulty formulating precisely what you stand for. As you get older there is a greater need to allow your own ideas to germinate. Mentor figures - especially from foreign countries - can play an important role in inspiring your new-found intellectual independence. By withdrawing from the enervating energy of the crowd, and by developing latent talents of reflection, you can enrich your life with a meaningful philosophy. It is important for you to expand your spiritual horizons as a counterbalance to the distractions of the world.

N. Node In 6th House, S. Node In 12th House**PROFESSIONAL - DESTINY:** Being of use

The early part of your life will bring a number of difficulties as regards professional success. You often prefer to be alone and have difficulty working with others - although job security and success is something you have a deep inner longing for. As you get older - and certainly by the age of 37 - you will have overcome your isolation tendencies and discovered the pleasure of having colleagues and people who can share your everyday experiences and ideas. Sometimes you can despair when you see how easily other people integrate themselves into a work environment, whilst you feel alone and misunderstood. Later in life you will attain success, and you will find that the skills you developed as a loner will have a beneficial influence in your working environment and dealings with others. You are particularly motivated by the idea of service for humanity.

PERSONAL - DESTINY: Being of use

You are a spiritually motivated person - even to the extent of spending the early part of your life withdrawn from the world, cultivating meditative or private creative interests. You can have a deep sense of belonging to the universe but as far as integration on a worldly level is concerned, you have a reluctance to go out and integrate yourself with others. Later this enforced loneliness becomes oppressive and you desire integration in a normal daily working rhythm. Isolation is not healthy for you in the long run, and true development in your life only comes when you apply your talents for the benefit of others. It is important for you to overcome a sense of being a victim in the world. Feelings of martyrdom undermine your ability to achieve practical results in your life. Old sorrows surround you like ghosts, but this cloak of suffering needs to be cast off. Work is healing for you.

PROFESSIONAL - DESTINY: Understanding karma
You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma
This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

You may not be particularly aware of this influence. If you are, expect to be troubled by influences which seem beyond your control - perhaps in connection with your personal economy or social life.

PROFESSIONAL - DESTINY: Group responsibilities
This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

PERSONAL - DESTINY: Group responsibilities
This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life

direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DESTINY: Group inspiration

This influence can see you getting involved with unconventional groups in your professional life in a process of inspiration and renewal. At the same time you may also find yourself suddenly cutting bonds to groups, associations and organisations which have meant a lot to you in the past. It is wise at this time to consider the direction your career is going from the point of view of long-term perspectives. Are you satisfied that you are spending your time fulfilling your personal mission in life? If not, you can radically readjust your direction now. It is a good idea to encourage greater humanitarian commitment, international travel and interests abroad, and new associations with groups working for renewal in society.

PERSONAL - DESTINY: Group inspiration

You can achieve a greater insight into the meaning and direction of your unfolding as an individual now. By withdrawing from friendships and associations whose meaning for you is over, and by striking out in your own individual direction, you can get in contact with a feeling of exhilaration concerning your unique destiny. You do however have to avoid extremism now, and if you take too pronounced an outsider position, you risk being alienated. You can be a force for renewal and rejuvenation amongst groups and in society at this time.

CINDY BUZZELL

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were.

With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily.

THE DIFFERENT SECTIONS

World of Wisdom is designed to simplify this process. It indicates for example the relative strengths of different planetary influences to help the reader's judgement. Furthermore this written report is divided up into sections on identity, emotions, mentality, love and sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL OR PERSONAL PROFILE

Each interpretation can be divided into two main sections: the professional and the personal. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?". The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

This basic module of World of Wisdom also contains a dynamic module and therefore goes beyond a static analysis of personal character. By activating the dynamic module the unfoldment of the horoscope through time is described. By analysing the current trends, it is therefore possible for the reader to gain insight into events just past, events happening at the present moment and trends in the future.

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology, the opportunity of gaining insight into both their professional and personal life.
